ASSEMBLY HOLDS BUSY SESSIONS

Deferred Action on Church's Attitude Toward Marriage and Divorce.

LOUISVILLE, KY., IS CHOSEN

First Clash Regarding Women in the Church Occurred Yesterday—Important Committee Named. Adjourn Thursday.

Lewisburg, W. Va., May 24.—Faced with a division amongst leaders that seemed well nigh irreconcilable, the General Assembly of the Southern Presbyterian Church today postponed for one year action on the question of the attitude of the church toward marriage and divorce. The resolution for postponement was based on "the fact that there is not sufficient time for thorough deliberation on such an important subject."

The same committee which has had the subject under consideration for a year was continued. That committee had been unable to agree on a report, two of its members being in favor of recognizing only adultery as a ground for divorce, but allowing the "guilty party" to re-marry when the church was convinced of his repentance and two had not made up their minds on the subject.

To remedy this condition, Dr. R. A. Webb, of Louisville, Ky., Dr. W. T. Hall, of Columbia, S. C., and T. E. Sampson, of Austin, Texas, were added to the committee.

The new committee on systematic beneficience which, under the re-organization will have supervision over the entire work of the church, was constituted as follows:

For two years, Dr. J. W. Bachman, of Tennessee; Dr. W. R. Dobyn, of Missouri; Rev. R. O. Flinn, of Georgia, and W. T. Hardin, of Louisiana; John S. Munce, of Virginia, John Stiles, of Kentucky and G. W. Watts, of North Carolina. For one year, Dr. Thomas P. Hoy, of Florida; Dr. T. S. Clyce, of Texas; Dr. John C. Williams, of Arkansas; Rev. J. W. Moseby, Jr., of Oklahoma; D. S. Henderson, of South Carolina; J. L. Dean, of Alabama, and W. C. Smith, of Mississippi.

During the day Louisville, Ky., was chosen for the next place of meeting. The report of a special committee having in view the increase of the importance of the Synod was laid on the table after a debate of some length.

The commission to pass on the complaint of Rev. W. I. Sinnott against the Northern Presbytery of Alabama, decided adversely to the minister. The Presbytery had declared in favor of the prohibition amendment in Alabama after the complainant, the commission was told, had expressed views publicly against prohibition. The commission is having trouble in framing a report that will satisfy the 28 members which constitute it. A report will probably be made to the Assembly tomorrow.

Tonight the breach in the commission seems to widen. It looked as if a minority report would be presented to the Assembly and possibly the whole matter be gone over by the entire Assembly. The minority of the commission are fighting against a report that might have the appearance of giving approval to the church sanctioning an issue in a political campaign.

Provision was made for a committee to confer with the Associate Reform Presbyterian church about closer relations. The Assembly also suggested its willingness to appoint a similar committee to confer with the United Presbyterians.

The first clash on the floor in regard to women in the church occurred when Dr. E. P. Davis, of Greenville, S. C., chairman of the Committee on Women's Societies, reported in favor of the organization of synodical societies for women. Dr. W. E. Boggs, of Atlanta, Ga., announced that he was opposed to this report and consideration of it was postponed until he could prepare an amendment to it.

Business was rushed through the Assembly with great speed and the indications tonight are that the Assembly will adjourn Thursday.

Protest Against Fight.

Atlantic City, N. J., May 24.—The Presbyterian General Assembly today made a formal protest against the holding of the Johnson-Jeffries fight for the heavyweight championship of the world. The protest will be sent to Gov. Gillette, of California.

The resolution, which was introduced by Dr. U. D. MacCaulley, of Trenton, N. J., refers to the proposed fight as a shameful evil and "demoralizing to the best interests of manhood and womanhood or especially among young men."

"While sympathizing with true, clean sport and athletics in moderation," the resolution protests against the holding of the Jeffries-Johnson fight and resolves that the Assembly especially utter its protest to Gov. Gillette and respectfully urges him to use his influence to prevent if possible the holding of the fight.

The resolution urges all Presbyterian brotherhoods and the men in all Presbyterian churches in every State and Synod, to "utter their protest to the civil authorities in their respect-

AMBASSADOR BRYCE.

Washington, D. C., May 24.—Cable advices from London received here state that Ambassador James Bryce of Great Britain has written to the foreign office asking that he be relieved from further duty as ambassador at Washington as soon as possible. At the British embassy it is stated that "the ambassador has nothing to say."

MARCUS W. JACOBI PRESIDENT

Elected to Head District Grand Lodge B'Nai B'Rith at Richmond Yesterday—Jewish Caricature Condemned.

(Special Star Telegram.)

Richmond, Va., May 24.—Marcus W. Jacobi, of Wilmington, N. C., was elected president of the District Grand Lodge No. 5, B'Nai B'Rith at the annual election of officers held at the closing session of the body this afternoon.

His choice was a most popular one among his fellows as was evidenced by the hearty congratulations extended him immediately after the election, in which every delegate present took part. Plans were laid for an aggressive campaign during the coming year both for increasing the membership and for widening the scope of the order's work.

Steps were also taken toward weeding out "dead timber", or in other words, to brace up or eliminate those lodges which have become practically inactive. One of the leading features of the convention was that sprung this afternoon in the form of a hot resolution condemning the caricaturing of the Jewish race on the stage and in the magazines, which was passed by an overwhelming majority, although a strong fight was waged on the floor in opposition to it.

When the resolution was presented a spirited debate arose, one faction holding it the part of wisdom to ignore the matter, the other contending for its passage. One delegate jumped to his feet and in a brief but vehement speech delclared that no opportunity should be lost to make known the objections of the order to a practice which "has touched almost the heart's blood of our people."

The Grand Lodge which opened yesterday and closed tonight, was attended by delegates from Georgia, North Carolina, South Carolina, Virginia, Maryland and the District of Columbia. The election of officers to serve during the ensuing years, which was held this afternoon, resulted in full as follows:

President—Marcus W. Jacobi, of Wilmington, N. C.

First Vice President—Leonard Haas, of Atlanta, Ga.

Second Vice President—Joseph L. Levy, of Richmond, Va.

Secretary—Rev. Dr. George Solomon, of Savannah, Ga.

Treasurer—A. Sternberger, of Darlington, S. C.

Sergeant at Arms—Julius I. Peyser, Washington, D. C.

ISAAC F. DORTCH DEAD

Prominent Citizen of Goldsboro Passes Away in Raleigh.

(Special Star Correspondence.)

Raleigh, N. C., May 24.—Mr. Isaac F. Dortch, a prominent citizen of Goldsboro, died early this morning at the home of Miss Sallie Hogg, in this city after a long illness aged 61 years. He was for many years a prominent precticing attorney and took quite an active interest in the affairs of his party and State. A son of Hon. W. T. Dortch and Mrs. Mary Pittman Dortch, he graduated from the University of Georgia and Washington & Lee University, studied law under Judge Pearson. He married Miss Lucy Hogg in 1875, she having died in 1905. He is survived by eight children, Miss Sallie Dortch, Gavin H. Dortch, Janet Dortch, William Pittman Dortch, Miss Ellen Dortch, Thomas H. Dortch, Lucy and Elizabeth Dortch. There are also five brothers surviving, Col. W. T. Dortch, H. T. Dortch, of Goldsboro; F. L. Dortch, Seattle; Dr. Allen Dortch, Kansas, J. Tyson Dortch, Oklahoma City. The funeral is to be held from Christ Episcopal church, this city, Wednesday afternoon.

This morning at 10:30 o'clock the funeral of Mrs. Mary J. Woolcott, relict of the late William Woolcott, founder of the Woolcott dry goods business here, was conducted from the residence of her daughter, Mrs. J. C. Ellington, Newbern Avenue, by Dr. I. McK. Pittinger, rector of The Church of the Good Shepherd. She was 72 years old and leaves two sons, Walter and Fred Woolcott, and one daughter, Mrs. Ellington.

SENATORS DEBATE RATE QUESTION

Important Feature of Railroad Measure Now Being Considered.

MAY PROHIBIT INCREASES

Unless Authorized by the Interstate Commerce Commission—Arguments for Cummins' Amendment—Senate Leaders Talk.

Washington, May 24.—Whether the railroad bill shall prohibit flatly increases in railroad rates without the approval of the Interstate Commerce Commission or shall extend to six months the time during which the commission may suspend increased rates, was the question before the Senate when it adjourned today.

The session was devoted to arguments in favor of the Cummins' provision by its author and by Senators Borah and Dolliver. The general contention was that such requirements was necessary for the protection of the shippers. This argument was challnged by other senators and there was general debate in which Senators Cummins, Dolliver, Borah, Aldrich, Flint, Rayner, Heyburn, William Alden Smith, Martin, Clark, of Arkansas, Clay and Jones participated.

The suggestion for the extension of the time during which the commission may suspend rates for investigation was made by Senator Martin, in the course of Mr. Cummins' speech. His proposition was that the Cummins' provision should be amended by inserting a proviso requiring "that a final decision shall be rendered within six months from the date in whirh the schedule is filed." It was immediately taken up by a number of senators on both sides and soon became the basis of general cloak room discussion of a compromise.

Senator Aldrich and his followers announced their willingness to accept it and Senators Dolliver and Cummins indicated a favorable inclination. Senator Rayner stated openly in the Senate his willingness to adopt the suggestion and a number of other Democrats privately acquiesced in his utterance. Many senators predicted its acceptance when the question comes to a vote.

The regular Republicans will probably insist upon having the Martin suggestion put in different form. As originally made it is in the shape of an amendment to the Cummins' amendment, but its acceptance in that form would mean the ultimate acceptance of the Cummins' provision as modified by Martin. Many of them prefer it as a substitute for the provision allowing a suspension of rates for 120 days. Apart of the general understanding, so far as there is an understanding, is that the sections of the bill dealing with railroad capitalization shall be eliminated from the measure to save the time that would be required to debate them.

Insofar as the Martin proviso was discussed today was considered as a part of the Cummins' amendment. Much difference of opinion regarding it arose as to whether the old rates or the new would be in effect after six months if the commission failed to reach an conclusion under it within that time. Mr. Martin contended that the old rates would continue, but refused to accept a suggestion made by Mr. Rayner to do away with all doubt by extending the proviso so as to declare explicitly for the continuance of the old rates. The point had not been settled when the Senate adjourned.

The hope for a vote during the day on the Cummins amendment, which has been entered early in the session was dissipated by the announcement that Senator LaFollette wished to be heard in support of the provision.

AGAINST MEAT PACKERS.

Effort to Dissolve Charters of Armour, Morris and Swift.

Trenton, N. J., May 24.—A notice was filed in the New Jersey Supreme Court today by Prosecutor Garven, of Hudson county, that he would apply to court on June 7th for an order dissolving the charters of Armour & Co., Morris & Co., Swift & Co., and the National Packing Company.

This is a new move on the part of the prosecutor to have the companies punished for their alleged conspiracy to raise the prices of meat. If Mr. Garven should be successful in his new fight these companies will not do business in New Jersey.

U. S. COURT IN RALEIGH.

Two New Attorneys Admitted—Organization for Term.

(Special Star Correspondence.)

Raleigh, N. C., May 24.—The initial session of the Federal court today for its impending three weeks' session was taken up with the work of empanneling the grand jury, the charge by Judge Connor, which was comprehensive and characteristic, and the formal admission of two new attorneys to practice, these being R. H. Ruark and W. W. Nash, both of Sanford. N. W. Dixon was designated as foreman of the grand jury. The first true bill returned was against N. H. Freeman for illicit distilling.

MYSTERIOUS GAS CAUSED HIS DEATH

New York Banker Went to Witness Experiments in Scranton Laboratory.

TWO OTHERS BECAME ILL

Sharp Explosion and Three Were Found Unconscious on Floor. Physicians Are Baffled. Died in Hospital.

New York, May 24.—Charles Couter Dickinson, organizer and former president of the Carnegie Trust Company, died in St. Luke's Hospital early this morning of congestion of the lungs, caused by the inhalation of a mysterous noxious gas in the laboratory of Dr. F. N. Lange, at Scranton, Pa., on May 16th.

V. V. B. Hedgepeth, of Scranton, vice president of the Tippecanoe Insurance Company, at whose instance Mr. Dickinson went to witness an experiment in the laboratory, was also seriously affected by the gas as was the experimenter, Dr. Lange. Both are reported ill, but will probably recover.

S. C. Dickinson, a brother of Chas. Dickinson, gave out the first news of the mysterious tragedy today. He was in an adjoining room when the other was stricken, and was unaffected. At first he declined to give the name of the chemist or of the friend who invited his brother to witness the experiment, but tonight, fearful lest a rumor of suicide be given credence, he made a full statement. He does not know the nature of the experiment or exactly why his brother went to witness it and the character of the gas is so baffling that two of New York's most eminent physicians, Drs. Janeway and Delafield, could not account for the effect on Mr. Dickinson's lungs.

In describing the occurrences that led up to his brother's death, S. C. Dickinson said:

"I lingered in the main room of the laboratory," he said, "after my brother and our friend went into the small room where the chemicals were being prepared. The chemist called out to me to come, as they were ready. I started for the other room and just then there was an explosion. I rushed in and found all three men gasping for breath and almost unconscious. The room was filled with a strange stifling gas. My brother was taken to a hospital and kept there over night. As he did not improve, he was brought to a hospital here the next day.

"The case was a strange one. My brother's lungs became congested as though they were suffering from pneumonia and his condition baffled every treatment which physicians could devise.

"Dr. James E. English, my brother's physician, found himself helpless and he called into consultation Drs. Janeway and Delafield, who were completely puzzled by the features of the case. We even sent to the chemist who performed the experiment, who suffered only slightly, in the hope that he could suggest an antidote but he could do nothing.

"My brother grew steadily worse until, at 4 o'clock this morning he died."

Mr. Dickinson said he attributed his own escape to the fact that he was in the main room of the laboratory which was only partly filled with the gas.

Mr. Dickinson was born at Cobleskill, N. Y., and was a graduate of the Cornell Law School.

REDUCE FREIGHT RATES TO SOUTH

Between Cincinnati and Chattanooga is Order of Commission.

ROADS WILL CONTEST ORDER

Decision Victory for Commercial Organizations of South—Reductions Upon Numbered Classes Only.

Washington, May 24.—Material reductions upon the numbered classes of freight between Cincinnati, O., and Chattanooga, Tenn., were ordered today by the Interstate Commerce Commission. The present rates, which have been in effect many years, were held to be unreasonable, even in prevailing conditions of cost of railway operation. The reductions will become effective July 15th, next.

The reductions ordered by the Commission on each of the six classes of freight between Cincinnati and Chattanooga are as follows: In cents per hundred pounds:

First, 76 to 70; second, 65 to 60; third, 57 to 53; fourth 47 to 44; fifth, 40 to 38; and sixth, 30 to 29.

The rates, by order of the Commission, must remain in effect, beginning on the 15th of July, for at least two years.

It is not only reasonably certain that the roads will contest the Commission's order, also that, if the rates should continue in effect their operation will result in a reduction of the sea-and-rail rates from Atlantic ports to points of destination in the interior of the South.

The order of the Commission was issued in connection with an opinion in the case of the Receivers and Shippers' Association of Cincinnati, against the Cincinnati, New Orleans & Texas Pacific Railway and other inter-State carriers in the South. Before the final hearing of the questions involved, the Merchants' Association of Boston, the Business Men's Association of Holyoke, and the Boards of Trade of Salem, Fitchburg and Springfield, Mass., and of Portland, Me.; the Trades League of Philadelphia; the Merchants' Association of New York; the Chamber of Commerce of Richmond, Va.; the Board of Trade of Norfolk, Va.; the Chamber of Commerce of Petersburg; the Merchants and Manufacturers' Association of Baltimore and the Indianapolis Freight Bureau, became interveners.

In a subsequent case brought by the Chicago Association of Commerce against the Pennsylvania Company and other carriers, an effort was made to secure lower rates from Chicago to points in the South than the combination of the local rates through Cincinnati. In effect the cases involved the same points.

The burden of the complaints was that the rates upon the numbered classes of freight from the Central West represented by Chicago and Cincinnati to various points of consumption in the South were too high, as compared with the rates upon the same classes from points of origin in the East to the same points of destination in the South.

It was held by the Commission, in the opinion written by Commissioner Prouty that it was not apparent that rates from the East discriminate against the West, although it was conceded that the rates from Cincinnati to Chattanooga were so high as to be unreasonable. The commissioner adds, however, that if "distance is to be taken as the standard, rates from the complaining cities are much higher than from their rival trade centers upon the Atlantic seaboard, but where water competition enters as a factor some different basis of comparison than distance must be found."

Three notably important points are made in the opinion, all of which are applicable to the transportation of freight throughout the country. In the commission's words, these are:

"The East and the West find a common market in this section of the South, and in determining whether the present rates from the West are reasonable one subject of inquiry is the movement of traffic under the present rates. The fair inference from the testimony seems to be that the relation in rates between the East and the West, which has been in effect for the last third of a century, does not today abnormally promote the movement of traffic from either section.

"Neither the East nor the West has any vested right to sell a certain amount in this southern territory. Each section is entitled to a reasonable rate and to do what business it can under that rate.

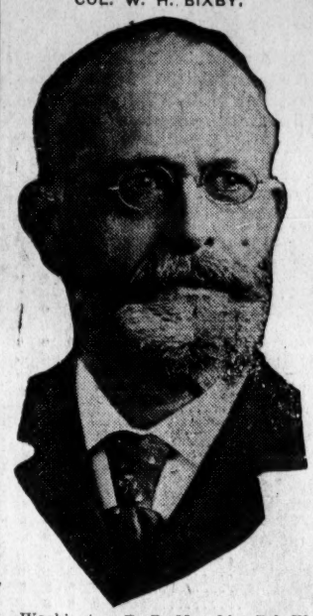
'A railroad is entitled to a fair return upon the value of the property devoted by it to the public use, but it is not entitled to have that property paid for by the public."

KILLED N. & W. FIREMAN.

Struck by Crown Sheet of Freight Engine at Coaldale, Va.

Roanoke, Va., May 24.—A crown sheet of a Norfolk and Western railroad freight engine blew off early today near Coaldale, Va., killing Fireman S. H. Garner, of Roanoke, and slightly injuring two other trainment. The cause of the accident has not been ascertained. The engine was found to be in good shape.

COL. W. H. BIXBY.



Washington, D. C., May 24.—Col. W. H. Bixby, well known in the United States army engineer service, is expected to take up his duties as chief of the engineering corps June 17th, and to him will fall the job of raising the wreck of the battlesnip Maine. His very first work will be completing the plans for this important project.

FOR EDUCATION IN THE SOUTH

General Education Board Appropriates $700,000 to Departments of Various Colleges and for Agricultural Work.

New York, May 24.—Appropriations of more than $700,000 were made today by the General Education Board for the endowment of work of various colleges and for agricultural work in the South.

Among the appropriations to colleges are: Central University, Danville, Ky., $75,000; Transylvania University, Lexington, Ky., $50,000.

In addition to the sum appropriated for Central University a like amount was subscribed at the last meeting of the board in addition to these sums $113,000 was appropriated for demonstration work in agriculture in the South under the supervision of Dr. Seaman A. Knapp, of the United States Department of Agriculture. This is designed to supplement the work of the department, especially in States outside the territory affected by the boll weevil to which the Department does not extend this work.

Another appropriation made today was $31,450 for professors of secondary education in the South. They the members of the faculties of various State universities who under salary from the board, established high schools as feeders for the universities. Under their direction 703 high schools have been established in the South within the last five years and 516 new buildings have been erected at a cost of $5,875,780.

The General Education Board has contributed in all to 70 colleges, gifts totaling $5,777,500. Twenty-nine applications for endowments were considered at today's meeting, but no definite action was taken thereon.

The members of the board who were present at the meeting were Dr. Harry Pratt Judson, president of the University of Chicago; Dr. Charles W. Eliot, president emeritus of Harvard University; Dr. Edwin A. Alderman, president of the University of Virginia; Dr. Hollis B. Frissell, president of Hampton Institute; Dr. Wickliffe Rose, of Washington, general agent of the Peabody Education Fund; Frederick T. Gates, Robert G. Ogden, Walter H. Page, John D. Rockefeller, Jr., Albert Shaw, Wallace Buttrrick and Starr J. Murphy, of New York.

Every car in the train turned turtle, the locomotive only remaining on track. Baggage Master Lane, of Norfolk; a child of W. H. Sanderlin, of Belhaven, and Mrs. L. R. Conger, of Edenton, N. C., were the only ones seriously injured. The injured were rushed on a special train to Norfolk for treatment in the hospitals there. The injuries of others were bruises, sprains and slight cuts. Physicians were rushed immediately to the scene.

BUSY DAY FOR THE DIOCESAN COUNCIL

Closing Session of 27th Annual Meeting Held Last Night.

VISITORS WILL LEAVE TODAY

Elections and Appointment of Committees Features of Business Sessions—Delightful River Trip. Reception.

The 27th annual meeting of the Council of the Diocese of East Carolina, which has been in session at St. John's Episcopal Church, this city, since Saturday evening, adjourned sine die at 10:30 o'clock last night, following which the visitors and many local members of the Episcopal Church were delightfully entertained at an informal reception given in the Parish House of St. John's by the ladies of the Parish. Elections and appointment of committees, missionary address, delightful trip down the historic Cape Fear river on the steamer Wilmington and adoption of the scale of assessment for the "budget" were the features of the Council yesterday.

The Council met at 8:30 o'clock last night with Bishop Strange presiding. The report of the committee on finance was made a special order for last night. The report provided for the budget system as recommended by Captain Thos. D. Meares, the treasurer, and which was authorized under a resolution adopted Monday, and was accepted by the Council. Bishop Strange appointed the following as the ways and means committee: Revs. J. B. Gibble and W. E. Cox and Messrs. Thos W. Blount and H. F. Wilder. Upon motion $.50 was appropriated for the employment of a stenographer to assist the Bishop. The amount would have been larger, but the Bishop desired an assistant only a portion of the year.

A number of short talks were made in which the speakers expressed their appreciation of the entertainment provided for them during their sojourn in this city and declared that they had never attended a meeting of Council that was more pleasant and profitable. Among those who spoke were Revs. Harding, Smith and Brown, and Messrs Blount and Buskie, while Dr. Wm. H. Milton, rector of St. James' Parish, this city, was called upon to give his impressions of the Council, this being the first meeting of this Council he had attended. Dr. Milton was very favorably impressed with the Council in every way. Rev. W. E. Cox, rector of St. John's and host of the Council, expressed his appreciation of the kind words uttered by the speakers and declared that it was a great pleasure for members of his Parish to entertain the Council. After the reading of the minutes of the day by Rev. F. N. Skinner, the efficient secretary, the 27th annual meeting of the Council was declared adjourned sine die by Bishop Strange, following which Mr. Cox made announcement of the reception planned for the visitors in the Parish House, to which place all went after leaving the church.

The Afternoon Session.

The afternoon session, which convened at 3 and adjourned at 5 o'clock, was one of the most important of the annual meeting. At this session Capt. Thos. D. Meares, was re-elected treasurer, and George Rountree, Esq., was re-elected Chancellor. Messrs. Wm. Calder and C. Giles were elected trustees of the Diocese. Trustees of the University of the South were elected as follows: Rev. B. F. Huske, Mr. F. H. Fechtig and Mr. H. C. Prince. Deputies to the General Convention—Revs. N. Harding, F. N. Skinner, C. F. Smith, Dr. R. B. Drane and Messrs. Wilson G. Lamb, G. H. Roberts, B. R. Huske and William Calder. Supplementary Deputies—Revs. W. E. Cox, J. B. Gibble J. H. Griffith, B. F. Huske and Messrs. G. C. Royall, J. G. Bragaw, Jr., W. B. Shepard and T. W. Blount.

Bishop Strange appointed the following committees for the year:

General Clergy Relief—Revs. Tyndall, Gordon and Buskie and Messrs. B. H. Jones and John G. Bragaw, Jr.

East Carolina Sunday School Commission—Revs. C. F. Smith, W. E. Cox and Thos. P. Noe, and Messrs. Wm. Dunn, Jr., and G. C. Royall.

On Canons—Revs. W. E. Cox, Rev. Dr. Wm. H. Milton, Rev. A. W. Seabrease and Messrs. Bryan and Huske.

State of Church—Revs. Thos. P. Noe, Wootten and Gibble, and Messrs. Barber and Gibbs.

General Convention—Revs. F. N. Skinner and A. W. Seabrease and Mr. Shepard.

To Raise Five Million Endowment for General Clergy Relief—Rev. J. H. Griffith and Messrs. Winstead, Wootten and Boatwright.

Upon motion of Mr. Geo. G. Royall the following resolution was unanimously adopted: "Resolved, That the thanks of this Council be extended to the rector, vestry and members of this Parish for its cordial hospitality in the entertainment of this Council."

The afternoon session then adjourned and the ladies went to the foot of Market street, where at 5 o'clock they embarked on the steamer Wilmington for a delightful trip on the Cape Fear river as guests of Captain John W. Harper, who tendered the outing complimentary to the visitors. Some two hours were spent very pleasantly on the river, the steamer returning to the city,

JEFF GOES 11 ROUNDS.

Try-Out With Sparring Partners—To 'Frisco Tonight.

Ben Lomond, Cal., May 24.—Jeffries would not consent to doff the gloves today until he had boxed eleven rounds at a pace which made all of his sparring partners more than willing to quit.

Sam Berger was the first victim and he lasted two rounds. Armstrong, Jack Jeffries and Choynski stood up before the retired champion for three rounds each. The last three rounds proved most interesting and the interchanges between the veteran and former champion were anything but love taps. This morning's boxing practically concludes Jeffries work here for this week. A finishing trip is planned for tomorrow and on Thursday he will leave for San Francisco where he is to show the following night.

FIVE INNINGS AT GOLDSBORO

One to Nothing the Story in Second Game of Eastern Carolina League Series—Rocky Mount Vanquished by Webb.

(Special Star Telegram.)

Goldsboro, N. C., May 24.—Goldsboro took the second game of the series this afternoon, score one to nothing. The game was called after the fifth inning on account of rain. Webb was on the firing line for the locals, and pitched great ball, and at no time were the visitors able to connect with his underhanded curves.

TAFT SEES WASHINGTON WIN

President Went to Game Primarily to Watch "Ty" Cobb Play Center for Visitors—Hurried Back to White House.

Washington, May 24.—President Taft and Vice President Sherman braved the lowering clouds this afternoon and went out to the American League ball park to see Washington beat the Detroit "Tigers" in a spectacular game which ended in a miniature cloudburst just as the home team got the winning runs across the plate. It was in the sixth inning that the storm descended. Black clouds were swirling overhead as Wasington went to bat in the last half of the sixth, two runs behind.

The President, although he went out primarily to see "Ty" Cobb play in center field for the visitors, joined in the enthusiasm when Washington sent the tying and then the winning run over the rubber. Finally the rain came and it fell in a torrent that son turned the base lines into canals and the low spots of the outer field into ankle deep lakes.

The President was sitting in one of the uncovered boxes when the storm broke. He waited for a few minutes and then hearing that the game had been called "for keeps", he hurried to his waiting automobile and drove back to the White House in the midst of the downpour.

With President Taft's party were Charles P. Taft, the reputed owner of the Chicago National League team; Secretary of the Treasury MacVeagh, Assistant Secretary of the Treasury Hilles, John Hays Hammond and Capt. Archibald W. Butt.

"Ty" Cobb has been greatly admired by the President for some time. The noted player met the President first at his home in Augusta, when Mr. Taft was Wintering there prior to his inauguration. Cobb called at the Capitol today and created something of a sensation. He visited both the Senate and House cloak rooms and was introduced to many of the law makers. He and Vice President Sherman, who is a "dyed-in-the-wool" fan and rarely misses a game, talked baseball for a long while.

Philadelphia, Pa., May 24.—Fans are still talking of the wonderful no-hit game pitched by "Chief" Bender for the Athletics against Cleveland, being the twelfth in the American League. Reading from left to right may be seen "Chief" Bender, Athletics; Adelie Joss, Cleveland; F. Smith, Chicago. By his recent feat Bender enters the hall of fame, which all twirlers dream of but seldom enter. The shut-out without a hit was the first time that a Cleveland team had been so treated since the American League was formed. It was also the 12th no-hit game of the league. Young, Joss and Frank Smith have each pitched two such games, Young and Joss having the honor of not allowing a man to reach first base.

"It surely is an awful pity,
We can't hum our Monday's ditty;
But, you see, we lost the game,
And somehow things don't seem the same."

—Sailors' Chanty.

Four to naught was the melancholy story that came in over the wires from Wilson at the electric baseball matinee at Struthers' yesterday afternoon, the game having been called in the midst of the sixth inning on account of rain. It was practically the same story at Goldsboro with the home team a winner by the score of one to nothing while at Fayetteville the game with Raleigh could not be played at all on account of rain.

"Rube" Howard and a youngster by the name of Hearn were the opposing moundsmen at Wilson and the youngster seems to have had the better of it, as "Rube," on account of late arrival for practice, is not yet in the best of form. The game in detail from Wilson was as follows:

First Inning—Hyames popped out to short, Guerrant to second, Tydeman to first unassisted. Wilson: McGeehan out second to first, Wheelan walked, stole second, Schuman flew to centre and Jacobs to left.

Second—Doak flew to first, Burke singled to left, Brouthers and Carroll ethered. Wilson: Miller singled, Armstrong flew to third, Miller stole second while Westlake was flying to left, Clapp driving to left for an extra sack and scoring Miller after which Hearn fanned.

Third—Hudson fanned, Howard safe on error of first, Hines fanned and Guerrant flew to right. Wilson: McGeehan singled and was sacrificed by Wheelan, scoring on Schuman's drive to right for two bases, Schuman scoring on Jacobs' long fly to centre; Miller flew to center.

Fourth—Tydeman ethered, Doak out second to first, Burke safe on error of first, but Brouthers was out second to first. Wilson: Armstrong out pitcher to first, Westlake safe on error of Howard and stole second while Clapp was going out to centre, Hearn was out pitcher to first.

Fifth—Carroll led off with a single to centre and Hudson was safe on error of shortstop, but Rube fanned and Hudson was caught off first while Hines ended the hope with three swishes. Wilson: McGeehan was safe on error of short and Wheelan on bobble of Howard, McGeehan going to third and scoring on Schuman's single to centre, Jacobs fouled out to left while Miller hit to second and he and Schuman were retired on a pretty double.

Wilmington had just finished its half of the sixth when the game was called for 30 minutes on account of rain, being later abandoned altogether. Guerrant was out at first unassisted, Tydeman placed a neat single to centre but was forced by Doak to pitcher, Burke flying to third.

The Wilson Story.

Wilson, N. C., May 24.—Hearn was in the box for the Champs this afternoon in the contest with the Sailors and it is easily to be seen that he is the big boy of the Eastern Carolina League. With his superb pitching and the all round support the visitors failed to score. "Rube" Howard got his bumps but took them good naturedly. Nothing happened until Wilson's second inning when one scored, then in the third McGeehan led off with a single, Wheelan sacrificed, Schuman hit safe over second scoring McGeehan, Jacobs hit a long fly to right scoring Schuman who had gone to third on a throw-in from right after his hit, Miller flies out to catcher. Nothing else happened until Wilson's fifth when another Tobacconist passed over the plate. Then rain came down and after a wait of 30 minutes the game was called.

"MIZZLES."

Shunked, by Heck!

It was Hearn, all right—not our'n.

Howard ticketed only one Tobacconist.

Rube's repertoire received raps repeatedly.

Those Sailors will get naughty sometimes.

Seven Sailors were morgued a la atmosphere.

Let's take the last one boys, and we'll forget all about it.

Maybe being rained out saved Fayetteville another trouncing.

Tuesday's "Wilson Times" was shy of anything akin to dope. What?

Jupiter Pluv took a hand in the 6th, but a full legal game had been played.

Its cold coin to cigarette pictures the Wilson crowd didn't kick any about rain checks.

Rube made a couple of bobbles just to show some of the rest they couldn't lose him in that particular.

Still we couldn't with good grace be porkish and take another when we were filling the guest role.

Really, we don't understand those occasional pilfers on Hudson. The lad couldn't have misplaced that trusty wing over-night.

Rocky Mount is the only team that has played perfect ball so far. Not a bit of frayed work or any miscues in her two appearances.

It don't look strictly baseballogical to us to use off-siders two days in succession when there are unworked star-boarders bench warming.

NEW LEAGUE IS FORMED.

Southeastern Association With Teams From Four States.

Asheville, N. C., May 24.—Negotiations looking to the formation of a six-team baseball league consisting of cities in North Carolina, Georgia, Tennessee and Alabama, were brought to a successful issue today when the organization of the Southeastern Baseball League was effected. A meeting held at Knoxville, Tenn., last night cleared up all obstacles and the final papers were signed this morning. The cities composing the league are Knoxville, Tenn.; Morristown, Tenn.; Johnson City, Tenn.; Gadsden, Ala.; Rome, Ga.; and Asheville, N. C.

The league season will open June 5th, and will close September 10th. A. Gaines, of Knoxville, was elected president and E. B. Fisher, of Morristown, secretary and treasurer.

DELANEY TRAINS JOHNSON

Man Who Made Jeffries Heavyweight Champion—Announced.

San Francisco, May 24.—Billy Denaney under whose training James J. Jeffries and James J. Corbett each became heavy weight pugilists of the world, will train Jack Johnson for his fight with Jeffries and will be the colored man's chief second on July 4, according to an announcement made tonight by Johnson.

Can Francisco, May 24.—Delaney has been regarded by many as the greatest trainer of pugilists that ever lived. After priming Jeffries for a number of less important fights Delaney trained him for the fight in which he won the championship of the world from Robert Fitzsimmons at Coney Island June 9, 1899.

When Jeffries and Johnson meet on July 1, Delaney will be in the corner opposite the man he made the greatest fighter in the world, and round by round will coach the negro how to best his white opponent.

AFFAIRS AT THE CAPITAL

Outlook for Fruit Crop Good—First Church of Christ, Scientists, Chartered—Federal Court—Escape of Convict Fox.

(Special Star Correspondence.)

Raleigh, N. C., May 24.—Asked today about the fruit outlook in various sections of this State Horticulturist W. H. Hutt said that while he has not yet procured detail reports from all sections, he has enough in hand to give assurances that in the Eastern and Piedmont sections the conditions and outlook for yields are all that could be desired.

The same applies to Western Carolina, except in the high mountain regions where the late frosts put in some effective damage. The apple yields on the Mt. Airy and Bushy Mountain sections, Mr. Hutt says, give promise of being very fine. Peaches, too, are exceptionally promising in the Piedmont and Eastern sections. It is estimated that the fruit yield this season, the State over, especially apples and peaches, will be exceptionally good.

The First Church of Christ, Scientist, Wilmington, received a charter today without capital stock for the purpose of handling real estate, receiving contributions and erecting houses of worship. The incorporators are Miss Mary Bridgers, Mrs. E. Weil J. C. Springer, F. A. Fennell, Mrs. Hattie E. Fennell, Mrs. Henrietta Cole and A. C. Sneed, the latter being designated as the special agent of the corporation. Another charter is to The Carmichael Ginning Co., Stewartsville, Scotland county, capital $10,000 authorized and $2,000 subscribed by J. T. Bostick and others.

Today in the Federal court the grand and petit juries for the pending three weeks term were empanneled and the court machinery gotten fully into operation. A number of petit cases, quite a number of them submissions, engaged the attention of the court after the grand jury was gotten into working shape. This is the first court that the new district attorney, H. F. Seawell, of Carthage, has held in Raleigh. That he is "making good" to a degree most gratifying to his friends is the verdict at other points in the district where he has appeared in his new official capacity.

Director George E. Hunter, of the State's Prison Board, has filed with Gov. Kitchin a report of a personal investigation into the killing of Convict J. L. Fox by prison guards yesterday and recommending to the Governor that the killing was clearly justifiable to the end that an evident conspiracy to escape be thwarted and that there was no occasion for the trouble or expense of a coroner's inquest. The recommendation of Mr. Hunter was carried out and no coroner's inquest ordered. The guards tell a stirring story of the affair. The three of them, Guards Honeycutt, Smith and Hayes drove out in a big wagon with a squad of 12 convicts to resume work on the rifle range being graded just north of the city for use of the local military company, the A. & M. battalions and any companies of the North Carolina National Guard in this section of the State who desire to come to Raleigh for a day's training. As the men were getting off the wagon, Honeycutt says Fox struck at him with a long knife, a double-edged affair, that he drew from his clothing. At the same time he seized his gun and gave Honeycutt a shove off of the vehicle. One of the other convicts who was clearly not in the conspiracy interferred with Fox's quick use of the gun else one or two of the guards would certainly have been shot before Guards Smith or Hayes could have gotten in shots at him. Smith shot him twice in quick succession and Hayes, after throwing off convict McIntosh who had rushed at him to keep him from using his gun, got in a third shot at Fox who fell dead. It was Honeycutt's first shot, it is thought, that was fatal. The other convicts, including McIntosh, quickly became as docile as could be wished. McIntosh has been in the prison less than 30 days, having been brought from Scotland county to serve 30 years for manslaughter.

Gov. Kitchin is being urged to commute to life imprisonment the death sentence of Cobb Withers, the Mecklenburg county negro who is under sentence to die in the electric chair in the penitentiary here Friday of this week for murder. It is understood that both the trial judge and the solicitor who prosecuted the prisoner have now joined in the petition for the commutation to life imprisonment. So there is very little prospect of the electrocution taking place.

FIRE AT SPRING HOPE.

Part of Box Shook Plant Destroyed —The Loss Heavy.

(Special Star Correspondence.)

Spring Hope, May 24.—Spring Hope was visited again by a fire last night, and this time it was the shook house of the Stevens Box Factory. The entire plant of this factory, which was formerly located in town, was burned to the ground just a little more than a year ago. Since that time the plant has been rebuilt just on the outside of the corporate limits of Spring Hope. At about 11 o'clock last night folks who remained up to see the moon in eclipse discovered the shook house on fire. The fire seemed to start in the roof. There has been no occasion to have fire in the building and it must have been of an incendiary origin. Mr. Stevens stated that he would estimate the loss of the building to be about $2,600. He said that he would have to go over his books in order to estimate the loss in box shooks, as the shooks were placed in the building and shipped out at irregular times. He also stated that he didn't know the exact amount of insurance. An insurance agent stated last night that he had $1,800 on the building and $8,000 on the shooks. It is not known whether there is more insurance.

FOURTEEN MONTHS SENTENCE

Young Man Who Slashed Policeman at Rocky Mount in Drunken Brawl Sunday Night—Appeal to Higher Court.

(Special Star Correspondence.)

Rocky Mount, N. C., May 24.—Under three counts, Elsie Taylor, the young white man who on Sunday night raised a rough house at a questionable district in the southern part of the city, and later stabbed Policeman Harrington, when they were on the way to the lock-up, was tried this morning in Recorder's court and sent with the road force for 14 months. The courtroom was crowded to over flowing with persons who desired to hear the testimony. The defendant was represented by counsel in the person of Mr. J. B. Ramsey.

The three violations, that of a simple assault on a white woman, Irene McKinley, the carrying of concealed weapons, and the stabbing and cutting of Officer Harrington, were consolidated and the three causes tried as one. The defendant had no testimony whatever to offer in his behalf, and only pleaded for the mercy of the court, stating that a three days' carousal and drunken spree had destroyed all reasoning power and that he knew nothing of what he had done until he was informed on yesterday morning when he was visited at the city police station. His counsel made a strong plea in his behalf, stating that had the officer made a thorough search of the man after his arrest, that there would have only been a case of simple assault. The Recorder stated that he gave consideration to this fact and that he found the defendant guilty and in this case a 12 months sentence was given; for the simple assault on the woman one month, and for the carrying of concealed weapons an additional month. The question of an appeal bond was taken up and this was fixed at $1,000 pending the result of the wounds to the policeman.

A report from Mr. Harrington this morning is to the effect that he rested quietly last night and that an improvement in his condition is noted this morning. His wounds are getting along nicely as could be wished, and there are indications that point to his early recovery.

IRISH POTATO CROP.

Shipments Being Made From the Elizabeth City Section.

(Special to News and Observer.)

Elizabeth City, May 23.—The steamboats of the LeRoy Steamboat Company, brought in cargoes Saturday of 450 barrels of Irish potatoes from different points on its line. The weather is extremely favorable to the trucking crops and sweet potatoes are reported to be coming forward very promisingly. A big yield of this crop is expected through this section, which is a great Irish and sweet potato country.

Prices on Irish potatoes are fair and the outlook for considerable circulation of money from this crop alone looks good to the truckers of eastern Carolina. Some big shipments are expected to go forward from this section next week.

Col. W. T. Old, cashier of the First National Bank, who has a nice farm near here, reports that he has been very successful this season in his Irish potato crop. Out of two barrels of seed he has shipped 43 barrels of Irish potatoes, which is not a bad yield by any means.

Literary Address by Prof. Graham—Alumnae Association.

(Special Star Telegram.)

Winston-Salem, N. C. May 24.—"The American College Woman" was the theme of a masterly literary address by Prof. Edward K. Graham, dean of the University of North Carolina, at the final commencement exercises of Salem Female College today. The new officers of the alumnae association were announced. Mrs. Stonewall Jackson was chosen one of the vice presidents. After the presentation of diplomas to the graduates by Bishop Ronthaler, the 109th term of the famous institution ended. President Ronthaler says the college enrollment the past year passed the 500 mark for the first time in its history.

A Regular Tom Boy

was Susie—climbing trees and fences, jumping ditches, whittling, always getting scratches, cuts, sprains, bruises, bumps, burns or scalds. But laws! Her mother just applied Bucklen's Arnica Salve and cured her quick. Heals everything healable—Boils, Ulcers, Eczema, Old Sores, Corns or Piles. Try it 25 c at Robert R. Bellamy's.

MRS. S. M. HUBBARD DEAD.

Passed Away at Clinton, N. C.—Quiet Marriage Ceremony.

(Special Star Telegram.)

Clinton, N. C., May 24.—Mrs. Susan M. Hubbard, widow of the late L. C. Hubbard, died here last night at the age of 85 years. She was a most estimable woman and a devoted member of the Presbyterian church, from which her funeral was held this afternoon. She was the mother of ex-Mayor Howard Hubbard, Thomas L. Hubbard and Mrs. John D. Kerr, of Clinton, and of Mrs. T. L. Smith, of Concord, and W. G. Hubbard and Mosely Hubbard, of West Virginia.

Mr. R. G. Morrisey, a prominent merchant here, and Miss Langdon Holliday, only daughter of the late Dr. R. H. Holliday, were quietly married this evening, the ceremony being performed by Rev. W. R. Noe, of the Episcopal church. They left immediately for an extended visit to New York.

An Ideal Husband

is patient, even with a nagging wife, for he knows she needs help. She may be so nervous and run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleepless ness, constipation or fainting and dizzy spells, she needs Electric Bitters—the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used them and become healthy and happy. Try them. Only 50c. Satisfaction guaranteed by Robert R. Bellamy.

Mexican Mustang Liniment

For Man and Beast.

It is the most economical remedy because it is made of oils and don't evaporate like alcohol liniments. It penetrates to the bone in a hurry and healing begins instantly.

One of our enthusiastic friends writes:

WAVERLY, ALA.

GENTLEMEN:—

I think **Mexican Mustang Liniment** one of the greatest medicines I ever saw, and always keep a bottle or so in my stables. I've never known a single instance where it failed to give satisfaction, and I have been selling and using it for 10 years.

Respectfully yours,
PAUL HOFFMAN.

Hattie M. Mahn and Flora M. Kendall,
vs.
H. M. Bowden.

Publication of Summons and Attachment.

This is an action brought by the plaintiffs against the defendant for the recovery of Fifteen hundred and Thirty Seven Dollars and Thirty Cents ($1537.30) with interest from the 15th of September, 1904, being balance due on the note made by the defendant to M. M. Mahn, guardian of the plaintiffs, for the sum of $1,300.00 for borrowed money dated July 1st, 1891; that an attachment has been issued returnable July 25th 1910 against the defendant and levied upon a one half undivided interest of the defendant in and to a certain tract of land situate on Point Peter, in the County of New Hanover, and being the same tract conveyed by W. F. Potter and wife of J. O. Bowden by deed duly registered in Book K. K. K. page 520, et seq., of the records of New Hanover County and it appearing to the Court that the defendant is a non resident of this State and has property in this State, and cannot after due diligence be found in the State, and that a cause of action exists in plaintiffs' favor against the defendant for the recovery of the said sum of $1,537.30, with interest from the 15th of September, 1904, being he balance due on the said note of $1,300.00.

NOW, notice is hereby given, that the defendant be and appear before the Superior Court of this County to be held on the 25th day of July, 1910, and answer or demur to the complaint this day filed or judgment will be granted according to the prayer thereof.

This 9th day of May, 1910.

COMPARISON

LUZIANNE COFFEE	BULK or Loose COFFEE
Always FRESH in its air-tight can; No DUST. Always STRONG; Always PROPERLY BLENDED; Always of UNIFORM QUALITY; Always satisfactory. Pound-cost a little higher, but cup-cost very much lower.	Often stale from exposure; Often contains dust; Seldom strong; Never uniform; Haphazardly blended; Never satisfactory to any one who KNOWS what's best. Pound-cost a little lower, but cup-cost very much higher.

Make a wise man's choice between the two.

Graduation

Graduation is something that doesn't happen to a fellow very many times; it's an occasion when a boy or a man wants to look and feel his best.

As the time of your graduation draws near, you will probably think of having new clothes to wear on that occasion; and we want you in that connection to think of this store. We have

Hart Schaffner & Marx

clothes here; the styles which college men are wearing; the all-wool fabrics and fine tailoring in these clothes are points of excellence which you don't get in most clothes you see. We'll fit you perfectly, you'll look and feel like a winner in such clothes.

We have also the other good things to wear which young men want; new patterns and weaves in shirts; the best underwear, and hats made; a great line of fine neckwear; whatever you need now or at any time is here; and we're here to serve you. Come in and look around.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C. under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.25 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Wednesday, May 25th, 1910.

Pennsylvania has a citizen named Seltzer. No doubt he takes himself seriously after being out all night creating a vacuum in his pay envelope.

The man who absolutely loses confidence in his wife's cuisine accomplishments because she spoils one "cooking" of biscuits, will make all kinds of excuses for the home team.

People generally are mighty glad that Halley didn't hit the earth and cause its destruction, even if most of it does belong to Colonels J. Pierpont Morgon, John D. Rockefeller and Andrew Carnegie.

Jupiter Pluvius seems to delight in putting a damper on Charlotte when the 20th of May comes around. Nevertheless, Charlotte celebrates, and always gives you a good imitation of a fellow who won't acknowledge that he ever got licked.

"The pen is mightier than the sword." That was all right when it evoluted into an aphorism, but the typewriter has risen to make the motion that all ante-deluvian small talk be ruled out of order as totally obsolete and utterly absurd in a Marathon century like this. Time annihilates many wise sayings and makes many ancient big things look like 30 cents.

One Mr. Louis H. Burnett, of the State of Washington, tells the Washington Post that "President Taft will spend four years more in the White House after his present term expires." If he can show President Taft how a man way up in one corner of a great big country like this can give out cocksure talk about doubtful things, he will get one of those smiles that won't come off.

In accepting that Republican nomination for Congress in the Ninth District, the Hon. S. S. McNinch surely had the courage of his convictions. He took the hook with his eyes wide open to the fact that the Hon. E. Yates Webb was elected two years ago by about 3,000 majority. Since then Mr. Webb has been doing things that ought to make it unanimous for him in this year's contest.

The Owensboro (Ky.) Inquirer is authority for stating that "a monkey worth $75,000 was recently suffocated in a car." We should say "da monk" should be classed among the "insolent rich". No doubt he was a member of the land grabbing syndicate or was a pet of the Special Interests. The coroner ought have "set on" the rich son of Senegambian and probed into his past.

The syndicate which furnishes to the press the articles entitled "This Day in History" featured the Mecklenburg Declaration of Independence on the 20th of May. The thing is getting so now that Charlotte is reaching the point that it will refuse even to "look down on" Greensboro. Col. Reece, of the Greensboro Record, will have to humiliate the Queen City in some way before it gets too late.

The Snow Hill Standard-Laconic begs that the politicians be given credit for some measure of honesty and sincerity. Well, if the politician has backed up against the wall and "give in" it might be a good idea to give him a showing. However, the politician who is intensely anxious to get in and the politician who is determined to keep the other out, must quit their imprudence. They imprudently tell all the mean things they know on each other and then are hurt-like when people are forced to believe it on both of them. Wherefore the politician should add prudence and judgment to his honesty and integrity. He is his own worst enemy.

PANAMA CANAL EXPOSITION.

New Orleans is dead in earnest in her intention to be the exposition city when the completion of the Panama Canal is to be celebrated five years from now. The reports from the canal work indicate that its construction is proceeding satisfactorily and the officials in charge are confident that the first ships to cross the Isthmus will pass through the canal in 1915.

New Orleans has taken more active steps than any other city in the direction of celebrating the completion of the canal with a great world's exposition. All the commercial organizations and citizens of the great Southern city are strenuously at work and delegations are now pouring into Washington to enlist the Government's aid and participation in the events. The delegations will ask Congress to name New Orleans as the exposition city, and meanwhile New Orleans is backed by the entire State of Louisiana and will have the co-operation of all Southern States.

New Orleans has a well organized exposition campaign and the enterprising and patriotic people of that city have started out with not the slightest intention of making a halt or taking a backward step. The State Legislature is to pass a bill authorizing the people to vote upon a proposition to issue State exposition bonds to the amount of $4,000,000 to $5,000,000. That the people of Louisiana will authorize the issue of exposition bonds will not admit of a doubt, so we may as well look upon New Orleans as the Panama Canal Exposition City and get ready to take a part in that great event. That exposition will be the biggest in the history of all the world and the South should be proud of the spirit which a Southern city manifests in her ambition to be the centre of a celebration of such magnitude and which will commemorate the completion of America's stupendous inter-ocean canal.

GOOD MAN FOR A GOOD CAUSE.

Wilmington feels greatly honored at having had a visit from the Hon. John D. Cappelmann, a distinguished lawyer and thoroughly excellent gentleman of Charleston, S. C. Mr. Cappelmann is a prominent citizen of his city and has represented the South Carolina metropolis in the State Legislature, in which he took a conspicuous part. We knew him when he was a legislator and he was an able member of a strong delegation which his city sent up to the General Assembly from 1884 to 1888. It is gratifying to note that this sterling Charlestonian will return to Wilmington the latter part of July when he will organize a State branch of the National German-American Alliance, of which he is one of the vice presidents. Mr. Cappelmann's address in Wilmington Monday night was a fine exposition of "Public Opinion" and it demonstrated that his grasp of the subject comprehended the viewpoint of a patriot and a man who recognizes that citizenship should be of a lofty kind. He is a safe exponent and any following that he inspires will be directed along a course that will redound to the best interests of the country and the people in whom he is interested.

NEWBERN'S CELEBRATION.

Newbern's celebration of the 200th anniversary of the settlement of that hospitable city by the Germans and Swiss, promises to be a most interesting and magnificent affair. The celebration is to take place from July 25th to July 30th and the main events are to be featured with tableaux and spectacular characteristics.

Wilmington is intensely interested in the sister city's celebration and the people of the Cape Fear city will be there when the city on the Neuse commemorates a historic event that deeply concerns the States of North and South Carolina, many of whose best people are descendants of those first settlers. Some of the descendants of Baron DeGraffenreid reside in the States of North Carolina, South Carolina and Florida, and probably in other States South and North.

The Newbern celebration will emphasize exceedingly important North Carolina history and it will be educational as well as entertaining. It also will serve to attract attention to a section of North Carolina with splendid possibilities and evidences of progress in keeping with other portions of progressive North Carolina.

Being at the theatre of action, the Washington Post knowingly observes: "A party band can't play in harmony with strange political instruments." At all events the party organ can be depended upon to use the soft pedal till the campaign fund plays out.

A missionary says the problem in the South Pacific Islands is how to put an end to cannibalism. The missionaries must either induce the cannibals to become vegetarians or else people who carry the Gospel to them must so diet themselves that they may keep too lean for the pot.

President Taft's tariff board was laid on the shelf in the House on Monday when the proposed appropriation of $250,000 to pay its expenses was rejected. The President was counting on that board to float to a place of safety from the storms which have been raised over the tariff which he has pronounced the best the country ever had.

THE GANG IS KNOWN.

The pirate syndicate, which has been attempting to hold up North Carolina for those repudiated bonds of the Reconstruction period, is now attempting to injure North Carolina's credit by representing to the New York Stock Exchange that North Carolina's new bond issue of $3,300,000 should not be listed on 'change for the reason that North Carolina has a bad record in repudiating bonds that were fraudulent and represented a monumental steal and infamous robbery. This latest hold-up is either an act of vengeance, a piece of blackmail, or an attempt to "bear" North Carolina's new bonds in the money centres. The men engaged in this attempt to blackmail or blackguard for pelf, certainly cannot have standing enough to seriously appear where they are known. They have been spotted and trailed too often and over too many routes for them to show up on the highway again with any hope or expectation of getting either loot or satisfaction.

Some economist has figured out that Americans throw away at least $10,000,000 every year by putting twice as much sugar in their tea and coffee as is necessary, leaving it in the bottom of the cup to be thrown away. We fear that the Republican party will seize this straw in its drowning efforts to save itself from the charge of increasing the cost of living.

When a factional political row in any county gets to the point where it endangers party success in an entire State, the popskulls ought to know enough to refer their troubles to the Hague Tribunal. Where is the State executive committee (any party), that it does not interfere in political fights and let it be known that it is the party policeman with a big stick?

Many contemporaries are wondering what The Colonel will do with himself after he returns from Africa and Europe. Most likely he would prefer to camp around the Roosevelt exhibit at the Smithsonian Institution at Washington where he can view his specimens of wild animals and live over in his mind the strenuous days of his hunt in the jungles of Africa.

The temperance sentiment is growing steadily throughout our entire country. Comparatively a short time ago wine was considered essential in every hospitable home. And it once was the custom in a certain section of our country to pay the preacher his salary in rum and tobacco. Now it is very rare that we find wine on the table. The use of tobacco, too, is largely decreasing. A quarter of a century ago nearly every preacher of the South Carolina Conference used tobacco. We doubt if it is now used by one-half the members of the conference. This is the work largely of our good women. They instill into the minds of the children a sentiment against the use of tobacco and alcoholic liquors, and the result is seen in the next generation when these children have reached manhood's estate. The greatest human factor in the world is woman's influence. With united effort, faith and prayer, a woman changes in a generation the aspect of almost any question. COLORED A. & M. COLLEGE.

Commencement Exercises This Week at Greensboro—The Features.

(Special Star Correspondence.)

Greensboro, May 23.—Sunday morning in the main auditorium of the A. and M. College for the colored race, in this city, in introducing Bishop L. J. Coppin, D. D., LL. D., one of the leading negro prelates in America, Prof. Jas. B. Dudley, the president of the college, said that the growth of the institution had not been a mushroomic one, and the present year's work was significant because of the largest attendance of students since the year of 1901.

The interesting statistics showing the growth caused by an ewcient faculty and capable administration, were given by President Dudley. A concrete recognition of the excellent work of the school and its graduates was made known by the president when he said that the Board of Education for Maryland highly commended the school for its efficiency in its various activities and the higher usefulness of the graduates. So impressed were the members of the board that they personally visited the college several weeks ago.

"Keep thy heart with all diligence, for out of it are the issues of life," was the text of Bishop Coppin who delivered the Baccalaureate sermon to a large audience.

After the able and comprehensive discourse by Bishop Coppin, President Dudley said that he didn't want any strife between those working for literary and industrial education, because there is no necessity. Said he: "I believe in all kinds of education."

Sunday evening at 8 o'clock the Y. M. C. A. of the college rendered an excellent programme. The annual sermon for this organization was delivered by Rev. S. W. Watkins, of this city.

Prof. A. L. Mebane, B. Agr., director agricultural department Normal and Industrial Institute, Frankfort, Ky., delivered the annual address of the Mechanical Society of the college tonight before a large and appreciative audience.

BIG DEAL IN SALISBURY.

Piedmont Company Takes Over Electric Railway.

(Special to Charlotte Chronicle.)

Salisbury, May 23.—It was officially given out in this city this afternoon that the Piedmont Railway Company had purchased the properties of the Salisbury & Spencer Railway Co., which comprise the electric line from Spencer through Salisbury to Fulton Heights park, the electric light system of both this city and Spencer and the gas works in Salisbury, which supplies both this city and Spencer. This is one of the biggest deals made in this city in many years. The properties were purchased from the banking firm of Edward Dean & Co., of Grand Rapids, Mich., and while the price paid is not made public, it is known that a neat sum was required to take over the properties.

The Piedmont Company is officered at present as follows: W. F. Snider, president; T. H. Vanderford, vice president; T. J. Jerome, secretary, and Messrs. M. L. Jackson of this city and T. Maness of Concord are also interested in the company. Mr. H. W. Frund, who has so successfully superintended the management of the Salisbury and Spencer line for the Michigan syndicate, will be in charge as superintendent of the new company. The new owners will at once proceed to make extensive improvements on the gas plant, extending mains and otherwise adding to the plant. This is the same company that is putting down the street railway line in Concord and this will be pushed rapidly to completion, and it also means that the interurban line between this city and Concord will be completed at an early day and cars will be running between the two towns before many months. That big things are on foot in the way of improvements, parks, etc., along the same line was mentioned in the Observer two weeks ago when it was stated that this deal was being made, is a certainty.

NEGRO HOSIERY MILL SUCCESS.

Durham Enterprise Owned and Operated by Colored Capital.

(Special to Charlotte Chronicle.)

Durham, N. C., May 23.—Having started up under most promising conditions the Durham Textile Mills, the anly negro hosiery mill in North Carolina, has met with such success that it has doubled its capital and working quarters and within a month will have in operation several new machines. The factory is owned solely by negroes of Durham and the management comes from the textile schools of the country. It is the purpose of the company to make Durham the center of negro hosiery mills in the South.

Conning Tower of Winslow a Tribute to Worth Bagley.

(Special to News and Observer.)

Washington, D. C., May 23.—As a further tribute to the memory of the late Ensign Worth Bagley, the Federal government will place in the Hall of History at Raleigh the conning tower of the United States torpedo boat Winslow, in which the ballant Carolinian lost his life at the engagement off Cardenas. Senator Overman and the Secretary of the Navy, George Von L. Meyer, have had some correspondence on the subject, and today the Tar Heel Senator received the following letter from the Secretary of the Navy:

"Referring to your letter with reference to the donation of the conning tower of the United States ship Winslow to the people of North Carolina for the purpose of placing it in the Hall of History at Raleigh, the birthplace of the late Ensign Worth Bagley, U. S. N., I have the honor to inform you as follows:

"The Department believes that this would be a suitable disposition of the conning tower, which bears the scars of the engagement at Cardenas, in which the late Ensign Bagley lost his life; but in view of the statute law prohibiting the actual transfer of government property, the Department will take pleasure in delivering the conning tower in question, if it would be regarded as a loan, subject to recall by the Navy Department when, at any time such recall may be necessary. This loan cannot be made, however, until after the Winslow has been finally stricken from the navy list, and when such action is taken you will be advised accordingly."

The loan is equivalent to a gift. The Winslow is now being dismantled at the Norfolk Navy Yard.

SINGING CLASS HERE TONIGHT

Children From Oxford Orphanage to Give Concert in Academy of Music—Large Attendance is Expected.

Under the auspices of the local Masonic lodges the Singing Class from the Oxford Orphanage will give one of its delightful concerts in the Academy of Music this evening, and judging from the advance sale of tickets the auditorium will be crowded by those who enjoy a refreshing and helpful entertainment by children. The class has given a number of concerts in Wilmington and it is always greeted with large and appreciative audiences.

The children, in charge of the director of the class, will arrive in the city this morning and during their stay here will be entertained in the homes of members of the Masonic order. Some weeks ago the several lodges of the city appointed committees to arrange for the concert and they have finished their work and everything is now in readiness for the entertainment. The concert is fully worth the price of admission and the effort of those who help to prepare the children for the entertainments is to have something brighter and better each year. The funds derived from the concerts go to help in the maintenance of the orphanage, which is a great agency for good. The institution is attempting to care for 330 girls and boys. The 2,500 and more children who have gone out from the orphanage since 1872 are, many of them, potent factors in making their communities brighter and better, in making this a better world. It is hoped and believed that the attendance tonight will be large. The concerts certainly merit the liberal patronage of the people of the community.

THE RECORDER'S COURT.

Several Long Drawn Out Cases Heard Yesterday Morning.

The Recorder had a rather lengthy session of his court yesterday morning. The first case was against Mary Onslow, alias Mamie Hollis, colored, charged with assault with deadly weapon, towit, a water pitcher, on Mattie Cameron, colored, some days ago, the case coming up from Justice Harriss. The defendant was represented by W. M. Bellamy, Esq., while Herbert McClammy, Esq., appeared for the prosecution. The Cameron woman was struck on the right arm with the pitcher and painfully injured. The defendant was found guilty and fined $25 and costs.

The next case was against Justice J. H. Sykes, ex-member of the Democratic Executive Committee for New Hanover county, charged with drunkenness. The case was of unusual interest for the reason that the defendant employed counsel, Wm. J. Bellamy, Esq., and made a fight on the ground that he was not drunk. The magistrate was arrested at an early hour Sunday morning by Officer Bullard, who testified that the defendant had every appearance of a drunken man and was not able to walk straight. Sergeant Grimsley and Officer Brinkley also testified that the magistrate was much under the influence of some intoxicants, but could not say that he was drunk in the strict sense of the term. Assistant Chief of Police Burnett testified that Mr. Sykes was taken to the City Hall at 1:30 A. M. and about two hours later he recognized him for his appearance at trial. Mr. Bellamy argued that if Mr. Sykes had been drunk Officer Burnett, whom he referred to as an expert in such matters, would not have recognized him for appearance at trial, but would have lodged him in a cell. The fact that Mr. Sykes was in condition to leave the hall at 3:30 A. M. was evidence to Mr. Bellamy's mind that the defendant was not drunk when taken to headquarters. The Recorder concurred in the views of the attorney and dismissed the case.

The case against Rev. T. H. Alston, charged with resisting an officer, was continued until today at the request of L. Clayton Grant, Esq., counsel for the defendant.

Death of Little Daughter.

Catherine DeCover, the three-months-old daughter of Mr. and Mrs. H. A. DeCover, died at 9 o'clock yesterday morning at the family residence, No. 111 South Seventh street, the little one being one of twins. Many friends of Mr. and Mrs. DeCover will tenderly sympathize with them in their bereavement. The funeral services will be held at 10 o'clock this morning from the residence, conducted by Rev. Father Dennen, rector of St. Thomas' Catholic Church, and the interment will be in Bellevue cemetery.

Outing at Carolina Beach.

The Methodist and Baptist Sunday Schools of Southport will have an outing at Carolina Beach tomorrow and would be glad for as many of their Wilmington friends as care to, to join them on this occasion. The steamer will leave Southport at 7:30 A. M., and leave Wilmington at 10 A. M. The last boat leaves the beach at 6 P. M. for Wilmington. A delightful day is in store for all who care to take the trip.

RESTORES PLEASING PLUMPNESS

Samose Sold Under J. Hicks Bunting Drug Co. "No Cure No Pay" Plan.

There are a good many people in Wilmington who ardently wish they could find some way of getting fat and plump. While not ill, yet they are so thin and scrawny that their friends think they cannot be well. In nine cases out of ten this condition can be readily overcome by using the combination of flesh-forming foods known as Samose.

Before the discovery of Samose, people who were thin, weak and run down were advised to take some nauseous preparation, but now with this flesh-forming food in palatable form nothing at all disagreeable is necessary to gain weight.

J. Hicks Bunting Drug Co. has the agency for this preparation and sells it with the promise that if it does not do all that is claimed for it in making people gain in weight and in health, the money will be refunded.

CITY SCHOOL FACILITIES

Conference Between Board of Education and Committeemen Toward Adoption of Plan to Relieve Congested Conditions.

The County Board of Education in adjourned session yesterday afternoon held an important conference with city school committeemen at which the congested conditions of the graded schools were fully considered with a view of providing some relief before the opening of the next session.

Following the conference Messrs. W. H. Sprunt and D. J. Fergus were appointed as committees from the Board of Education to confer with committeemen in districts Nos. 1 and 2, respectively, as to the advisability of opening new schools in the northern and southern sections of the city, and Chairman J. O. Carr was requested to ascertain whether or not a loan could be secured from the State to make the necessary enlargements and improvements of the High School building.

The conference between members of the Board of Education and school committeemen was held in the office of county superintendent of public instruction at 4 o'clock, those present being: Chairman J. O. Carr, Messrs. W. H. Sprunt and D. J. Fergus, of the Board of Education; City School Committeemen J. A. Taylor, John D. Bellamy, Jr., Samuel Bear and W. E. Perdew; County Treasurer H. McL. Green; City Superintendent Blair and County Superintendent Catlett. All agreed that something must be done to increase the school facilities before the Fall term begins and the best way to do this seemed to be through the enlargement of the High School building, providing about nine additional recitation rooms and an auditorium and furnishing accommodations for some of the classes from the grammar schools, and members of the Board of Education were strongly of the opinion that new schools should be started in the southern and northern sections of the city, as there are now many children of school age who are not attending school but would if the school houses were nearer. Children in the extreme northern section of the city would have to walk 50 to 60 city blocks to attend Hemenway school, which is the nearest at present, and it is said that a school is also much desired in the southern section, though this section has an advantage over the other section in the way of private schools and kindergartens. Mr. J. J. Blair called the board's attention to the fact that 14 prominent citizens of the northern section of the city held a meeting Monday night and agreed that a school was much needed in that section and unanimously decided to give it their hearty support should the Board of Education see fit to grant a request for its establishment.

In response to a question Mr. Blair stated that it would take about $20,000 to provide the necessary addition to the High School building and members of the committee emphasized the fact that it is imperative that the capacity be increased in accordance with the rough draft of plans. They stated that provision must be made to take care of the children and relieve the congested condition, which will be much worse next Fall. Chairman Carr was of the opinion that the proposed schools in the southern and northern sections of the city should take care of three grades, the pupils to be those who reside within the districts as they will be laid off. It was estimated that the two schools could be conducted for eight months each for $3,000, this including the salary of three teachers for each school, rent of buildings, fuel and incidentals.

It was stated that the school law provides that the Board of Education may borrow money from the State for the erection of new school buildings and it was decided to inquire of State Superintendent Joyner if any money is available at the present for that purpose. Money from the State may be borrowed at 4 per cent. and may be paid back in 10 annual installments. If any moneys are now available the addition to the High School will be erected, and whether the State can lend the money or not, some improvements must be made, it was stated at the meeting.

The Board adopted a resolution requesting the County Commissioners to increase the special tax for school purposes from 12 cents on the $100 valuation to 15 cents and from 36 cents on the poll to 45 cents, which will give in round numbers $5,000 additional for school purposes. Members of the board regretted very much to ask for an increase in the tax rate, but the additional amount is absolutely necessary in order to maintain the schools of the county. The people of the county at the polls last year endorsed the bill authorizing a special school tax of 15 cents on the $100 valuation of property and 45 cents on the poll, but it was not necessary last year to ask for the full amount voted. The educational affairs of the county are administered as economically as consistent with the standard set by the county school system and the increase is asked only because there is no alternative if the children of the county are to be given the advantage of public schools.

Mr. J. F. Baggett, who has recently accepted a position which necessitates his absence from home much of the time, resigned as committeeman in district No. 14, Greenville, and Mr. A. L. Vann was named in his place.

The petition for a school at Winter Park, presented at the last meeting, was unfavorably acted upon, after a thorough investigation by members of the board, who thought the establishment of a school in that section of the county would be contrary to the school law and against the policy of the school system, in that it would be creating a small school district, when all efforts throughout the State are now toward consolidation with resultant improvement in the schools.

Another meeting of the board will probably be held in a short time to consider the proposition of increasing the city school facilities.

MR. JOHN G. WAGNER DEAD.

Aged Citizen Passed Away Yesterday After Lingering Illness.

Mr. John G. Wagner died at 10:05 o'clock yesterday morning at the home of his daughter, Mrs. Benjamin Farrow, No. 1104 Market street, after an illness of six months of dropsy. Mr. Wagner's condition had been precarious for several days and his death was not unexpected, although it came as a great shock to loved ones and friends.

Mr. Wagner was born in Wurtemberg, Germany, November 2nd, 1835, making him, therefore, in the 75th year of his age. He came to this section early in life and for many years was a well known farmer at Masonboro, where he resided until last December when he moved to Wilmington to make his home with his daughter. His wife preceded him to the grave four years ago, the 19th of this month. Surviving are one son, Mr. J. C. Wagner; two daughters, Mrs. Farrow and Mrs. R. A. Montgomery, all of this city, to whom is extended the tenderest sympathies of a great many friends. The funeral services will be held from the Masonboro Baptist Church at 10 o'clock this morning and the interment will be in the graveyard there. The services will be conducted by Rev. J. A. Smith, of this city.

STEAMER ELLEN RICKMERS.

Will be Towed to Newport News or New York for Repairs.

The German steamer Ellen Rickmers, Capt. Hubsche, will be towed either to Newport News or to New York for repairs as soon as she completes discharging her cargo of kainit at the Seaboard terminals. The captain stated yesterday that it would be necessary to place the steamer in drydock and he is at present making arrangements with a tow boat company.

It will be recalled that the Rickmers was disabled when she went ashore in the river a few miles below the city. The stern post of the steamer was broken in two and the rudder badly bent. It was at first thought that the repairs could be made here, but the captain thinks it necessary that his ship be placed in drydock. It is likely that a board of survey will be held on the vessel before she leaves this port.

MISS ALDERMAN'S SCHOOL.

Closing Exercises Will be Held Monday—Entertainment.

The annual entertainment of pupils of Miss Mary Alderman's Select School will be held in the Academy of Music Friday evening of this week and the formal closing exercises for this scholastic year will be held Monday morning at the school house on North Fifth street. The programme arranged for Friday evening includes the presentation of "The Courtship and Marriage of Mother Goose" by the younger children and the presentation of "Mr. Bob," a drama, by the elder pupils. In addition specialties will be given by little Miss Marion Summerell, Master William Penny, Miss Marguerite Ray and a Mexican dance by 14 young girls dressed in Mexican costumes. The proceeds from the entertainment will be devoted to the piano fund for the school. Tickets will be 25 cents with no extra charge for reserved seats.

STORE BREAKING CHARGED.

Two Negro Youths Arrested Yesterday Morning at Wrightsboro.

Charged with breaking into the store of Ed Lane, colored, at Wrightsboro, about 11:30 o'clock yesterday morning, George and King Bell, colored youths, apparently 17 or 18 years old, were arraigned before Justice Harriss early yesterday afternoon. They waived examination and were bound over to Superior Court. The negroes stated that they were attending a picnic at Wrightsboro and wanted something from the store and as the store was closed decided to raise a window and help themselves. They were frightened away before they secured anything, however. A half an hour later the negroes were captured by Constable D. N. Chadwick, of that township, who brought them on to Wilmington.

JUDGE BORNEMANN'S GLEE CLUB

An Important Musical Organization Was Formed Last Night.

A number of well known musicians met in the office of Justice G. W. Bornemann, on Princess street, last night and organized the "Judge Bornemann Glee Club." The following musicians compose the club: Accordeon lead—G. W. Bornemann; tenors, Messrs. H. L. Dixon, C. K. Myers, Harvey Keene, C. W. Davis and C. C. Davis; baritones, H. B. Greelish, J. C. Hatchell and Walter Blair; bassos, Joe Sallings, E. F. Williams, J. W. Jackson, Jr. and D. M. Bornemann. It was decided to practice every Tuesday evening in the office of Justice Bornemann.

The club is organized for the purpose of promoting a musical society which will be at the service of organizations for charitable purposes for entertainments given by them. It is a creation of the fertile brain of "Juuge" Bornemann, and will add immeasurably to the musical life of the community. Charles C. Loughlin, Esq., was elected president of the club. His ability as a German scholar called his name to the mind of the Judge, and by him was the name of the president proposed. Mr. B. F. King, Jr., was elected as secretary, and "Der Judge" was elected to the office of treasurer.

HO FOR CAROLINA BEACH.

Annual Excursion on June 7th—Committee on Arrangements.

The annual outing of the Boys' Brigade will be held this year as usual at Carolina Beach and already the soldier lads are busy at work on the arrangements for an elaborate and altogether pleasing affair. The date is June 7th and the members have entered enthusiastically into a plan to make this one of the most successful outings in recent years. During the day the steamer will make three trips leaving at 9:30 A. M., 2:30 P. M. and 7:45 P. M. Music will be furnished by an orchestra and there will be dancing and other divertisement for the enjoyment of all. The committee on arrangements consists of Messrs. J. Fred Russ, B. F. King, Jr., and A. L. Motte. In addition to this there will be sub-committees and the entire Brigade will work for a perfect success of the day. Further announcement will be made from day to day as the date approaches.

DREDGING NEAR SEABOARD.

The Jacksonville Making River Deeper at That Point.

The big dredge Jacksonville, which has been engaged in dredging on the lower Cape Fear for several months, has been brought up the river and placed near the Seaboard docks, where the channel will be made deeper to enable large steamers to swing in the river while awaiting a place to dock. The work was authorized by the Government engineer here and it will probably require several months to complete it.

Lively Chase After Thief.

Ed Self, colored, otherwise known as "Bix Six", was arrested at 12:30 o'clock yesterday afternoon at Second and Dock streets on the charge of stealing a box of snuff at foot of Market street from a man living in Brunswick county and who was waiting to cross the river. After taking the snuff the negro took to his heels and was pursued by Messrs. C. D. Gilbert and W. R. Ennett, who captured him at Second and Dock streets. Officer H. G. Bullard came up and placed the negro under arrest and he was lodged in the city prison to await hearing before the Recorder this morning.

Minstrel Performance Monday.

A big production of amateur and semi-professional minstrelsy will be given at the Academy of Music Monday night for the benefit of the band recently organized under the direction of Prof. C. W. Hollowbush. Among the singers will be such favorites as Messrs. Harold Pate, Wilbur Dosher, F. Banks and a big double quartette under the direction of Mr. Herbert Goodwyn. The end men will include Johnnie Meyers, Pat Gerken, W. T. Farris, James McGarrity, S. A. Matthews, Ed Brewer, Ed Wilson, John Rafferty and Joe Meyers. The olio will be exceptionally fine.

Cape Fear Academy Closing.

Wednesday, June 8th, is announced as the date for the formal closing of Cape Fear Academy, one of Wilmington's oldest and most efficient preparatory schools, which is under the direction of Prof. Washington Catlett. The year closing has been a most successful one and the finals are being looked forward to with much interest. Final examinations will begin next week.

The Market Hours.

On petition of a number of butchers the Board of Aldermen in session Monday night decided to make no change in the market hours, which are as follows: The markets to open at 5 A. M., close at 11 A. M., re-open at 4 P. M., close at 7 P. M., from May 1st to September 1st; and from September 1st to May 1st, open at 5 A. M., close at 12 M., re-open at 3 P. M. and close at 7 P. M.

Excursion to Newbern.

Thos. H. Knight, the well known colored excursion manager for the Atlantic Coast Line, announces a "personally conducted tour" to Newbern on Monday, June 6th. The fare for the round trip from Wilmington will be only $1.50 and it is expected that a large crowd will visit the "City of Elms" on this occasion.

Biograph Subject Today.

"The Final Setttlement," a story of a woodman's love and weakness, the feature picture, should draw a large crowd to the Bijou today. It is a Biograph subject which is only another way of saying that it is one of the best that is made.

Commander Julius A. Pratt, Post No. 143 Dept. Ill., G. A. R.

Mr. Isaac Cook, Commander of above Post, Kewanee, Ill., writes: "For a long time I was bothered with backache and pains across my kidneys. About two months ago I started taking Foley Kidney Pills and soon saw they were doing just as claimed. I kept on taking them and now I am free from backache, and the painful bladder misery is all gone. I like Foley Kidney Pills so well that I have told many of my friends and comrades about them and shall recommend them at every opportunity." Robt. R. Bellamy.

TWENTY-TWO DROWNED

Steamer Goes Down When She Was Rammed by Bark.

Cowes, Isle of Wight, May 24—Twenty-two persons were drown as a result of a collision today between the steamer Skerryvore and the German bark J. C. Vinnen in the English channel. The Skerryvore sank. Only two of the crew of the steamer's crew were rescued, one of whom died a short time later.

The mark put in here, but later left for Southampton. Apparent she was not injured. So far as is known there were no passengers on either vessel.

Southampton, May 24.—The German bark J. C. Vinnen, which was in collision with the steamer Skerryvore arrived here tonight. The collision occurred about 1 o'clock this morning off Hastings. The night was clear, according to the account given by the officers of the Vinnen, the Skerryvore suddenly crossed the bark's bow. The Vinnen struck her abaft the main mast. The Skerryvore boiler exploded and she sank in a few minutes.

Boats were lowered from the Vinnen and a search was made of the waters when the steamer went down. Two men were found, but one died. The sole survivors says that the crew numbered 25 men. He and the majority of the others were in their bunks at the time of the collision. The crash awoke him, but the vessel sank before boats could be cut away. He clung to the wreckage and became unconscious.

The Skerryvore had a cargo of iron ore. The Vinnen's bows were badly damaged.

GIVEN TO VIRGINIA.

Valuable McCormick Exhibit for the State Library.

Richmond, Va., May 24.—Under the personal direction of Miss Frances Smith, private secretary to Mrs. Cyrus Hall McCormick, Sr., the McCormick exhibit at the Jamestown Exposition will be installed next week in the Hall of Exhibits in the State library annex here.

It is of great value, the family having refused large amounts of money for it. The collection which will hereafter be one of the attractions of Richmond, was presented to the State of Virginia by the widow and children of the late Cyrus H. McCormick, inventor of the reaper which was the forerunner of the reaper and binder of the present day.

Models are shown of the first reapers and of the old log cabin in which the first product was made and which still stands on the farm in Rock Bridge county.

OLD LADY'S SAGE ADVICE

Knoxville Lady Tells How She Tried Advice of Her Neighbor and Experienced Great Improvement.

Knoxville, Tenn.—"If you had seen me, before I began to take Cardui, you would not think I was the same person," writes Mrs. Mamie Towe, of 102 W. Main St., this city.

Six doctors failed to do me good, and my friends thought I would die. I could hardly get out of bed or walk a step.

At last, an old lady advised me to take Cardui, and now I can go most anywhere.'

The secret of lasting health is: Regularity.

If a clock does not tick regularly and evenly, it is out of order and soon wears out, or runs down. If all your functions are not regular and natural, you will soon wear out, and get old and run down.

All ailing women need Cardui, as a gentle, refreshing tonic, and beneficial, curative medicine, especially adapted to their peculiar ailments.

It is a reliable vegetable remedy, for most all womanly ills.

This is the secret of the wonderful success of Cardui during the past 50 years, in the relief and cure of ailments peculiar to women.

It removes the cause, and builds up the strength.

Try Cardui.

WILMINGTONIANS AT MEBANE.

Cadets Take High Stand at Well Known Preparatory School.

(Special Star Correspondence.)

Mebane, N. C., May 23.—Wilmington boys distinguished at the recent commencement exercises at Bingham School, Mebane, were Messrs. Oscar and Victor Pearsall and Leonard Wessell. Messrs. Oscar and Victor Pearsall were found to have done well in studies and distinguished in deportment for the entire year. Both of these young men were honored by President Gray and the faculty in being promoted in the military battalion and next session are appointed to be cadet corporals.

Mr. Leonard Paul Wessell was also distinguished in deportment and scholarship. In the athletic contest he won the 440 yard run, the running broad jump, baseball throw and the potato race.

Mr. Wessell also won the penmanship prize, which was a beautiful copy of a pen drawing by Prof. Zaner, of the Zanerian Art College. In the military battalion Mr. Wessell was promoted to be an orderly sergeant for the session of 1910-11.

LOUISIANA SOLONS OFF.

On Way to Washington to Press the Claims for Big Panama Show.

Baton Rouge, La., May 24.—In a special train both the upper and lower Houses of the Louisiana General Assembly started today for Washington, where they go to press the claims of New Orleans for the International Exposition which is to celebrate the completion of the Panama Canal in 1915. The delegation is headed by Governor Sanders, whose last official act before leaving was the signing of a bill providing for the submission tf the voters of a tax levy of $4,000,000 as the State's contribution to the fund which is being raised in New Orleans.

At New Orleans the delegation was joined by Mayor Martin Behrman and a large committee of citizens.

The train will arrive in Washington early Thursday morning. It will pass through Mobile, Montgomery, Atlanta, Charlotte, Danville and Lynchburg and telegrams have been sent to prominent citizens of those cities urging them to aid New Orleans in its campaign and if possible to join the delegation.

AMENDS SUNDRY CIVIL BILL.

Providing a Fund of $250,000 to Obtain Information.

Washington, May 24.—Chairman Tawney, of the House Appropriations Committee, succeeded in framing an amendment to the sundry civil bill providing the President with a fund of $250,000 for the purpose of obtaining information concerning prices of manufactured articles at home and abroad, that stood the test of conformity with the rules of the House today.

Two provisions to accomplish this general purpose had been ruled out of order by Mr. Mann, of Illinois, in the chair.

The first proposed by Mr. Tawney called for a mass of information beyond any direct requirement of the tariff law while in his second amendment there was a provision that the President should make an investigation of such prices for the people making recommendations to Congress. Both were out of order because they provided for doing things not specifically authorized by law. In his third amendment Mr. Tawney so worded his amendment as to make it apply only to information necessary for the enforcement of the tariff law.

ROOSEVELT IN LONDON.

Received in Audience by Queen Mother Alexandra—Quiet Day.

London, May 24.—Theodore Roosevelt spent a busy, but quiet day. His movements about London were not made public in advance hence he escaped the crowds. In the morning he was received in audience by the Queen Mother Alexandra and Dowager Empress Marie, of Russia, at Buckingham Palace, accompanied by Frederick C. Selous, R. J. Cunningham and Seth Bullock he visited the British museum.

George Earle Buckle, editor of the Times, Sir Arthur Conan Doyle, Owen Seaman, editor of Punch, and L. J. Maxes, editor of the National Review, joined the colonel at lunch at the residence of Lieut. Col. Arthur H. Lee.

Col. and Mrs. Roosevelt drove alone to St. George church, Hanover Square, which was the scene of their wedding. The ex-President's throat, which yesterday was in bad condition, showed great improvement today.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Friend is that it safe-guards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

Lion Fondles a Child.

In Pittsburg a savage lion fondled the hand that a child thrust into his cage. Danger to a child is sometimes great when least regarded. Often it comes through Colds, Croup, and Whooping Cough. They slay thousands that Dr. King's New Discovery could have saved. "A few doses cured our baby of a very bad case of croup," writes Mrs. George B. Davis, of Flat Rock, N. C., "We always give it to him when he takes cold. It's a wonderful medicine for babies." Best for Coughs, Colds, LaGrippe. 50c. $1.00. Trial bottle free. Guaranteed by Robert R. Bellamy.

BUSY DAY FOR THE DIOCESAN COUNCIL

(Continued From Page One.)

at 7 o'clock. This was one of the most enjoyable features in connection with the meeting of the Council and the thanks of the entire party were returned to Captain Harper, the genial host.

Morning Session.

The morning session convened at 9:30 o'clock with Bishop Strange presiding. The first matter of importance was the adoption of certain changes in the constitution and Canons recommended at the last session, but which could not be definitely decided until this year's meeting. After this matter had been disposed of the Council entered into an election of committees for the year, the result being as follows: Standing Committee—Rev. N. Harding, Rev. R. B. Drane, Rev. F. N. Skinner, Messrs. George H. Roberts and F. R. Rose. Executive Missionary—Col. W. G. Lamb, Messrs. J. G. Bragaw, Jr. and William Dunn, Jr. Students' Aid—Rev. C. F. Smith, Messrs. G. V. Cowper and W. D. Pruden. Church Building—Rev. J. H. Griffith, Rev. J. B. Gibble and Mr. H. T. Greenleaf.

Rev. W. E. Cox, rector of St. John's and host of the Council, made an interesting short talk in which he impressed upon the Council the importance of widening the influence of the Council and of extending the work of the church into those counties where there are not sufficient churches at present.

Noonday Meeting.

At 12 o'clock the ladies, who held important meetings in the Parish House during the day, went over to the church for the Noonday Prayer for missions, following which Bishop Strange introduced Miss Julia C. Emory, General Secretary of the Woman's Auxiliary, who made a very instructive address on the general mission work of the church, the major portion of which was devoted to an interesting sketch of the trip she made to the mission fields two years ago, giving some of her impressions and observations. She spoke of the beneficent influence of the work upon the people of the mission fields and said that she was very much impressed with the way the Christian people of the different denominations work together. She spent nine weeks in China, eight weeks in Japan, five weeks in the Philippines and returned home by way of the Hawaiian Islands and the western coast of the United States, where she also made a careful study of conditions. She referred interestingly to the influence of mission work of the church toward church unity and of the value of the educational institutions in the heathen lands. Miss Emory has a very clear, musical voice and her message was delivered with force. Those who heard it declared that it was above the average missionary address.

Mr. J. Ker, Jr., representing the board of trustees of the Thompson Orphanage, Charlotte, was introduced by Rev. Dr. Wm. H. Milton, rector of St. James' this city, and he made an appeal to the Council in behalf of the institution, not for funds to meet current expenses, but for donations to aid in carrying forward the improvements which have been planned. The ladies, he said, had undertaken to raise $100,000 for improvements at the orphanage and he felt satisfied that their efforts would be crowned with success. The plan is to erect eight cottages at a cost of $5,000 each with a large administration building in the centre of the property. In conclusion Mr. Ker stated that he hoped the people of Wilmington would donate at least enough to erect one of the cottages. The address of Mr. Ker aroused a deeper interest in the institution amoung those in attendance upon the Council.

The ladies returned to the Parish House and continued their meetings, while the Council proceeded to transact its business. Mr. Thomas W. Blount, chairman of the special committee on Diocesan Missions, read his report, assessing the various parishes and missions so much a year for Diocesan Missions. Pledges were secured from the Parishes and Missions and in some instances the assessments of the committee were slightly changed. The Council will raise this year $4,000 for Diocesan Missions, the goal being the same as last year. At 1:30 o'clock the Council adjourned until 3 o'clock.

Big Day for the Ladies.

The annual meeting of the Woman's Auxiliary and Parochial Society of the Diocese of East Carolina was held in the Parish House yesterday, and the attendance was the largest and the interest the greatest ever shown at a similar meeting. It was the big day for the ladies in attendance upon the Council. The day began with the celebration of the Holy Communion at 7:30 A. M., the celebrant being Rev. J. G. Buskie, of Goldsboro, assisted by Rev. John H. Brown, of Newbern. The offering was made by each society and is known as the Bishop's fund, amounting to over $300, the largest in the history of the society.

At 10 o'clock the first regular business meeting was held. After the opening exercises an address was made by the chaplain, Rev. J. Gilmer Buskie, of Goldsboro, following which the address of welcome was made by Mrs. James Carmichael, president of the St. John's Woman's Auxiliary. The response was by Mrs. J. G. Staton, of Williamston. After the roll call excellent reports were received from the vice presidents of the Edenton, Newbern and Wilmington convocations, each showing great advance in this work. Mrs. Nathaniel Harding, of Washington, president of the Woman's Auxiliary and Parochial Society, then delivered her annual address, in which she told interestingly of the work during the past year and made some recommendations of value for future work. She was followed by Mrs. Josh James, who made an address in behalf of the United Offering that is made by the women every three years. She urged every woman in the Diocese to make an earnest effort to contribute to this offering before the 1st of September. She referred to the wonderful work of her predecessor for the offering of 1907 and expressed the hope that the 1910 offering would be fully one-third more.

Bishop Strange came over to the Parish House at this juncture and addressed the meeting. He announced that the officers of the society would be the delegates to the General Convention, which meets in Cincinnati, Ohio, in October. Interesting papers were read as follows: "On Mission Study," by Mrs. I. G. Powell; on "Alaska," by Mrs. F. W. Hughes. The meeting then adjourned to the church for the Noonday Prayer, a report of which is given above.

Following the meeting in the church the ladies returned to the Parish House, where reports were received from the Parish Branches of the Woman's Auxiliary Parochial Guilds, Girls Friendly Society, Daughters of the King and Church Periodical Society, following which the meeting adjourned sine die.

Miss Julia C. Emory, general secretary, and the officers of the society were delightfully entertained at luncheon by Mrs. Gabriel Holmes.

Delegates to both the Council and the society will begin leaving this morning for their respective homes. It is expected that some will remain in the city for several days yet.

Free Remedy For Weak Bowels

There are two forms of bodily cleanliness, the external and the internal. The one is for your pride in yourself; the other for your life and health. Both are important, but of vastly more importance in the long run is the internal cleanliness.

This is one point that all should watch about their body—the cleanliness of the bowels. Keep them clean and free from obstructions. To do this you must have one or two movements of the bowels each twenty-four hours. If your system does not do this naturally, in the process of eating and drinking, then you must obtain aid of some kind. After finding out that cathartics, salts and such things relieve you for a day, but bind you up worse than ever the next day, then try a simpler and more natural remedy like Dr. Caldwell's Syrup Pepsin.

For the skeptical the best way to begin is to send your name and address to Dr. Caldwell for a free sample bottle. Use it as directed and if it convinces you that a brief continuance of its use will relieve you permanently—that it will train the stomach and bowel muscles to again work naturally at certain hours—then buy it of your druggist at fifty cents and one dollar a bottle, just as so many others are doing. They began with a sample bottle, then bought a fifty cent bottle, and now, fully convinced of its merits, they buy the one dollar family size. All the members of the family can use it down to the very youngest.

A brief use of this grand laxative tonic will cure constipation in its worst form, indigestion, liver trouble, sick headache, sour stomach and such ailments and keep you in continuous good health at a very small cost. Such is the experience of many families like that of Mrs. Oscar Fleener, Unionville, Ind., J. F. Daniel, Saron, Tex., and hundreds of others that could be named.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R.625 Caldwell building, Monticello, Ill.

LOCAL DOTS.

—The British steamer Brantingham, Capt. Eastwood, it is expected will clear the latter part of this week with cargo of cotton from Messrs. Alexander Sprunt & Son for Bremen. The steamer will carry about 9,500 bales. This will likely be the last steamer to receive the staple in several months.

—The tug Astral, of the Standard Oil Company, towing barge No. 92, arrived in port yesterday from New York with cargo for the local branch of the company, and will probably be ready to clear with the barge today. The Astral is one of the most powerful on the Atlantic coast and since her last trip to Wilmington has been equipped with wireless.

—The cases against Rev. T. H. Alston, the preacher-tailor, charged with obtaining money under false pretense, set for hearing before Justice Harriss yesterday morning at 10 o'clock, were continued until today. It is thought probable that relatives of the negro will come to his aid with sufficient money to settle all claims against him and prosecution will probably be dropped.

—Yesterday the Second Advent Church Sunday School, numbering 78, and the Delgado Presbyterian Sunday School, numbering 125, were guests of the Tidewater Power Company for their annual outings at Lumina, Wrightsville Beach. The party went down on special cars at 10 A. M. and returned to the city at 6 P. M. The day was delightfully spent.

STEAMER STRUCK SCHOONER.

Occurred Off New Jersey Coast—Collision Reported.

Norfolk, Va., May 24.—The Old Dominion Liner Hamilton, in from New York today, was in collision off Egg Harbor, N. J., at 9:30 o'clock last night with an unknown three masted schooner, the bowsprit of which raked the Hamilton's port rail and joiner work from funnel to taff-rail, tore off many stanchions, punched a hole in after state-room, cracker several headlights, and then passed off.

New York, May 24.—The vessel in collision with the Hamilton was probably the schooner Linah C. Kaminski, which arrived here tonight from Savannah, minus her jibboom and head sails, which were carried away in a crash with a steamer off the Jersey coast last night. Capt. Pristensen in reporting the collision with an unknown steamer bound South, charged that the vessel sounded no whistle and gave no sign of her presence until after the accident. Then he says the whistle was sounded continually, although the steamer continued on her way without trying to ascertain the damage to the schooner.

THE BOGUS LORD.

Still No one to Claim Remains in Washington, D. C.

Washington, May 24.—The ashes of Sidney Lascelles, alias "Lord Beresford," whose body was cremated here last week remain unclaimed at the crematory as did his body after death for many years at Asheville, N. C. The undertaker who cremated the body said today that no one had claimed the ashes, that he did not know who would or when, that he had been paid for the work and would keep the dust in a metallic case until some one called for it. As to who gave him the order to cremate the body of the alleged bigamist and swindle, the undertaker had nothing to say.

Legal record of the cremation was made by the health department here today.

NEW TEACHERS CHOSEN.

Those Who Will Serve in Wadesboro Graded Schools.

Wadesboro, N. C., May 24.—Some weeks ago Prof. J. H. McIver was again elected superintendent and principal of the school, and all the teachers re-elected with the exception of Miss Inez Caudle, who resigned her position. Since the election Miss Okla Dees and Miss Lucy Hawkins have resigned. The following teachers have been elected to fill these vacancies: Miss Bessie Ives, of Bayboro, for the seventh grade. She has taught two years in the city schools of Asheville. Miss Bessie Coates, of Smithfield, for the second grade, and Miss Annie Lee Harper for the first grade. These are all experienced teachers and come highly recommended. The school has just closed a very successful session.

EARL OF STAMFORD DEAD.

Passed Away Yesterday—Was Born in Newfoundland.

London May 24.—The Earl of Stamford died today. He was born in St. John's, N. F., April 18, 1850, a son of William Grey and Harriet, daughter of Rev. Francis Henry White. In 1895 he married Elizabeth or Louis Henlope, daughter of Rev. C. Theobold rector of Lasham, Hants. A son, Lord Grey Groby, and a daughter, Lady Jane, survive.

In politics the earl was a Liberal. His home was Dunham Massey Hall, near Altrincham, in Cheshire. He was at one time professor of classics and philosophy at Codrington College of Barbados.

EXPERIENCE IN HOLY LAND.

Wife and Three Daughters of Virginian Were Chloroformed.

Roanoke, Va., May 24.—A Harrisonburg, Va., special says George E. Sipe and wife and three daughters of Harrisonburg, who are traveling in the Holy Land upon landing at Joppa, near Jerusalem, became separated. A short while afterwards Sipe found his wife unconescious. Two men had Chloroformed Mrs. Sipe and her daughters for the purpose of robbery. Sipe furiously caned the men on their heads and both were arrested. There were no injuries of serious consequence to the ladies. Mr. Sipe is a lawyer and was prominently mentioned for governor of Virginia last year.

BURNED IN HOTEL FIRE.

Two Guests Lost Their Lives at Galesburg, Illinois.

Galesburg, Ill., May 24.—John Jacobs, of Galesburg, and Bud Miller, of Monmouth, were killed early today in a fire that destroyed the city hotel of Monmouth. Edward Calhoun, of Galesburg, was badly injured by leaping from a second story window of the structure.

Other guests had narrow escapes, but it is believed that all are accounted for. The body of Jacobs was found beside a broken lamp that is supposed to have exploded and caused the fire.

BIG INSURANCE DEAL.

One of Largest in South Reported From Louisville, Ky.

Louisville, Ky., May 24.—One of the largest deals ever effected in the insurance annals of the South was consummated yesterday afternoon when the Citizens Life and Citizens National Life insurance companies were consolidated. The company will be known as the Citizens National Life Insurance Company and has a capital of $1,500,000, which may be increased to $5,000,000. W. H. Gregory is president of the consolidated company.

The Citizens National has established departmental division at Birmingham, St. Louis and Atlanta.

New York, May 24.—Dr. Roswell A. Stebbins, one of the foremost dentists of this city, and an Arctic explorer and traveler of note, died at his home tonight of Bright's disease. Dr. Stebbins was born in Wetumpka, Ala., in 1855, and throughout his life showed great physical endurance. His love of travel led him to join numerous expeditions. He accompanied the expedition to Greenland in 1884.

Kansas City, May 24.—A resolution requesting the proper authorities to prohibit the railroads from using wooden mail cars between locomotives and steel cars or between steel cars, was the principal discussion to be disposed of when the 18th annual convention of the railway mail clerks' association of America, met here today.

Come to Greensboro!

THERE is not another state in the Union with a more enviable reputation as a health resort than North Carolina. The only Keeley Institute in North Carolina is at Greensboro. I am free to admit that this advantage of location is partly responsible for the remarkable success of the Institute.

You see—in addition to being the only Keeley Institute in North Carolina, its location in Greensboro is ideal in every way. The Institute is made up of a fine old estate with large, shady trees and broad lawns that take up an entire city block; the buildings having been added to from time to time as our growth demanded it. And as the buildings have expanded our equipment and methods of management have kept pace with our growth. And this, I think, is the other big reason for our success.

Every modern medical apparatus that would hasten the recovery of our patients has been added without regard to expense. Such luxuries, for instance, as Electric, Vapor and Shower Baths and Massage are provided to add to our patients' comfort. The cuisine is the delicious home-cooking of the South. If desired, rooms may be had en suite with private bath. In fact, nothing has been overlooked to make the patient's stay a pleasant one. We have a sympathetic understanding of your case that puts you at your ease from the first moment.

There is no humiliation, inconvenience or publicity about the treatment. Your stay could scarcely be more enjoyable if you were on a Summer vacation.

Our booklets tell you all the facts. Write me personally. Make it as frank as you like for every letter you send us is treated with the utmost confidence.

LAWS OUT AGAIN.

Remarkable Career of Orange County Register of Deeds.

Durham, N. C., May 24.—After having served in office continuously for 52 years, John Laws, of Orange county, at the age of 85, is in the field as a candidate for re-election for register of deeds. He is declared to be the oldest office holder in point of service in the United States and during his long term has weathered many political upheavals. It is not doubted that he will come out victorious at this, his latest battle at the polls.

Law's claim to distinction does not rest alone with his political success. His matrimonial experience has given him fame as well. At the age of 80 he took to himself a young wife and only recently became the proud father of the third child by this union.

The veteran office holder saw service in the Mexican war, was a friend of Andrew Johnson and knew President Polk personally. Except that Laws does not drink water straight, but mixes it with milk, lemon juice and other ingredients of soft beverages, he is without eccentricities.

CAROLINA B. & L. LEAGUE.

Meet in Charlotte Yesterday—Officer Re-elected—Newbern Next.

Charlotte, N. C., May 24.—The annual meeting of the North Carolina Building and Loan League was called to order at noon today by President Wittkowsky with several hundred delegates present. Mayor Hawkins welcomed the delegates and C. H. Hastings, of Winston, responded. Following the transaction of routine business and the decision to meet next year at Newbern, the league re-elected the former officers, headed by President Samuel Wittkowsky and Secretary-Treasurer E. L. Kesler, both of Charlotte. The convention wound up tonight with the reading of a number of technical papers and the annual meeting of the United States League will convene tomorrow morning and continue Wednesday and Thursday.

Nashville, Tenn., May 24.—Governor Patterson yesterday afternoon granted a respite until June 25 to Marcellus Rineheart, an alleged night rider, convicted in Montgomery county and sentenced to be hanged at the State prison here next Saturday for the murder of Rufe Hunter.

THE COTTON MARKET.

New York, May 24.—The cotton market was somewhat irregular today but the general tendency of prices was downward under liquidation and bear pressure which appeared to be inspired by a more favorable view of weather conditions and less bullish expectations as to the probable showing of the government's first crop report on June 2nd. The market closed barely steady at a net decline of 10 to 18 points. The opening was steady at a decline of 5 to 9 points in response to indifferent cables, smaller English sales, although they were explained on a ground of holiday week in Lancashire, and a better showing of the weather map. At the final decline the bull leaders gave the old crop support and July contracts quickly rallied to the closing figures of last night, while the new crop sold up slightly in sympathy. But as soon as the bulls withdrew their buying orders the market weakened again under scattered selling in the way of liquidation and continued pressure from local bears who were encouraged by the forecast for fair and warmer weather in the western belt and during the middle of the day the market broke to a net loss of about 11 points. A rally to within 4 to 5 points of last night's finals followed on covering and a renewal of bull support but in the last hour the market weakened again and last prices were practically the lowest of the day. For seven members of the New York cotton exchange estimate on the average that the government will report a condition of 70.4 per cent., whereas about a week ago the trade was talking a condition of from 75 to 98. The June condition last year was 81.4 per cent., and the ten year average has been 80.9 per cent. It is reported that ocean freight room for approximately 150,000 bales has been engaged for shipment from New York for Liverpool and the continent. One of the big lines is to bring steamers here from Boston to help carry this cotton, and the freight rate has advanced from 15 to 18 cents.

Receipts of cotton at the ports today were 10,672 bales against 13,356 last week and 21,139 last year. For the week 70,000 bales against 74,979 last week and 108,790 last year. Today's receipts at New Orleans were 4,220 bales against 4,614 last year.

Spot closed quiet 5 points decline, middling uplands 15.35; do gulf 15.60; sales were 11,114 bales.

Futures opened steady and closed barely steady.

HUBBARD BROS & CO.

Feeling Much Less Bullish Than Last Week—Liverpool Cables.

(Special Star Telegram.)

New York, May 24.—Cables this morning did not respond to our decline of yesterday although there was a falling off again in the spot business, sales in Liverpool today being only 5,000 bales. The same selling of the Summer months through Wall street houses with Chicago connections appeared at the opening, causing a quick decline of some 10 points. The market immediately received on bull support but lapsed into dullness on the advance. The weekly weather report had little effect as it was rather better than expected in the Atlantic States and rather worse than expected in the Mississippi Valley where too much rain was complained of.

Late this afternoon there was a fresh burst of liquidation from the West which closed the market unsettled at the lowest prices. The local feeling is mixed again but is much less bullish than last week.

THE GRAIN MARKET.

Chicago, May 24.—Suspicion seized hold of many people that the principal May and September longs in wheat had been quietly unloading. It is certain that the market weakened under general selling for the new crop months, particularly July. Improving crop prospects domestic and foreign, poor milling demand and weak European quotations all contributed to the bearishness of the situation. The close was easy with prices showing a net loss of 1-4 to 7-8. Corn finished 1-2 to 1 1-8c down, and oats 1-4 to 3-8c to 5-8. Provisions scored a decline of 20 to 30 cents.

THE STOCK MARKET.

New York, May 24.—The stock market dropped back into a stagnant state today in contract with the comparative animation of the day before. The selling today for Europe of individuals who have been prominent at times in the speculation was hit upon as an indication that they had been cleaning accounts preparatory to this departure. The selling pressure was no longer in evidence today, and the supply of stocks for sale was much diminished.

The course of the international exchanges afforded some relief from the feeling on that account yesterday. The reaction in the sterling exchange rate in Paris was even more violent than the abrupt advance of yesterday and in New York there was a reaction also which was much more moderate.

Details were still lacking of the placing of American bond issues in France and of any active steps in renewal of the project to secure the admission of United States Steel to the list of Paris bourse. Both subjects were further discussed and helped to the firmer tone of stocks. The approach of a London stock market settlement was a repressive influence in that market, and by reflection in this market.

The money market showed an arrest of the recent downward tendency of interest rates but without any marked change in condition. Reports that banks in this country are reducing their loan accounts with the marketing of commodities which had been held back and also on account of land purchases are received with avowed satisfaction amongst New York bankers. The cautious feeling on the outlook finds expression in the discussion of United States treasury finances and the possibility that they may require a call of the National banks for return of some part of the government deposits now held. The decline in customs receipts while conducing to this need have another side in the indication they afford of a decline in the abnormal volume of the country's imports and the consequent dislocation of the foreign trade.

The speculative liquidation proceeded in both wheat and cotton and the immediate weather conditions, which were considered good had an influence in that movement.

Bonds were steady. Total sales, par value, were $1,105,000. United States bonds were unchanged on call. Total sales of stocks today were 245,400 shares.

THE FINANCIAL MARKET.

New York, May 24.—Money on call firm 3 1-4 to 3 1-2 per cent., ruling rate 3 1-4, closing bid 3, offered at 3. Time loans very dull and steady, sixty and ninety days 3 3-4 per cent., six months 4 to 4 1-4. Prime mercantile paper 4 3-4 to 5 1-4 per cent. MISSING CREW GIVEN UP.

Eighteen Lost Their Lives in Collision on Lake Huron.

Port Huron, Mich., May 24.—Families and friends of the missing 18 members of the crew of the ill-fated steamer Frank H. Goodyear, which sank Monday morning off Point Aux Barques, Lake Huron, after being rammed amidship by the steamer James B. Wood, tonight practically give up all hope of any of the missing party having been rescued. The steamer Sir William Siemens which was said to have picked up some of the missing crew, passed detour today and made no report of having any of the survivors aboard.

That she would have reported otherwise is regarded as certain. The steamer has not yet reached Sault Ste Marie and it is thought may have been delayed in Sailor's Encampment Channel by the blockade there. Four of the rescued members of the crew have gone to the Goodyear's headquarters in Cleveland, and Mrs. Emma Barrett, the only survivor, is still in Port Huron.

The scene of the collision was about 25 miles north of Point Aux Basques and the time between 5 and 6 o'clock Monday morning. A thick fog hung over the water. The Goodyear, operated by Mitchell & Company, of Cleveland, was coming down from Lake Superior laden with ore. The Wood, owned by the Gilchrist Transportation Company, of Cleveland, was going up light. There was little sea at the time and the fog is held largely responsible for the accident.

"I was standing on deck when I heard the alarm whistle," said one of the crew of the Wood. A moment later the two boats crashed together. I ran forward and surveyed the extent of the damage to our boat and then turned my attention toward the Goodyear and I could see that she was sinking fast.

"Standing amidship on the Goodyear were the entire crew huddled close together and I saw first one and then another jump overboard. Suddenly the Goodyear made a lurch to one side and went down, leaving a big hole in the water and the suction carried many down with it.

"I saw a woman come to the top with a child in her arms. Then one of the hatches bobbed up and struck her as she descended. I was forced to turn my head from the awful sight."

The fog cleared and we could see floating debris all about us.

MIDDIES ON JOY RIDE.

Made Away With Hand-Car and Were Overtaken and Arrested.

Annapolis, Md., May 24—For having commandered a hand car lying on a siding of the Maryland Electric Railway Company's tracks and going on a joy ride during the morning, four midshipmen, all members of the fourth, or freshmen class, are confined to their rooms at Bancroft Hall under close arrest tonight.

The young men, whose names are withheld, were taking a cross country walk in the far edges of the academy limits, known as the government farm this morning, when the hand car and its promise of a morning's outing proved too great a temptation. They were soon observed dashing across a road just outside of Annapolis and the policeman who saw them notified the railroad officials who in turn called up Capt. Bowyer, superintendent of the academy. The truants were overtaken at Bay Ridge. They will remain under arrest until their cases are taken up and disposed of by the Navy Department.

STATE VETERINARIANS.

Association Meets at Monroe, N. C., Last of June.

(Special Star Correspondence.)

Monroe, N. C., May 24.—Today Dr. Watt Ashcraft received a letter from Dr. J. A. Roberts, president of the North Carolina Veterinary Medical Association, stating that the association would hold its annual meeting in Monroe June 23-24. This letter is the result of correspondence between Dr. Ashcraft and Dr. Roberts. The plan that had been decided upon at the last meeting of the association was to hold the 1910 meeting in Greensboro, and this change in favor of Monroe is largely due to the efforts of Dr. Ashcraft. The State Live Stock Board will hold its meeting in Monroe at the same time the Veterarians are in session. This is the first joint meeting of these two bodies, and it is expected that the combination will be advantageous both to the veterinarians and the stock raisers.

The programme for the meetings has not yet been decided upon. There will be many prominent veterinarians and cattle men present, and as soon as the delegates and visitors are heard from the schedule of proceedings will be outlined.

ASSEMBLY HOLDS BUSY SESSIONS

(Continued From Page One.)

ive locations in such a way that no foothold shall be afforded for the holding of this fight anywhere in this Christian land."

The College Board of the Assembly presented a report asking for a movement to raise a fund of $15,000,000 for college work to be divided between the 57 colleges of the faith.

During discussion of the report of the College Board Dr. John Willis Baer, president of Occidental College, of California, created a stir by taking as his text for an address the quotation from ex-President Theodore Roosevelt as follows:

"The one thing supremely worth having is opportunity coupled with capacity to do a thing worthily and well."

Dr. Baer was cheered when he referred to Mr. Roosevelt as "an American citizen temporarily absent from the White House."

The Committee on Temperance presented its report to the Assembly. It stated that solid progress has been made during the past year though not so much territory was gained for prohibition as in the preceeding year.

A popular meeting for the interest of missions for freedmen was held tonight. According to the report of the treasurer of the Woman's Board of Home Missions of the Presbyterian Church which was held today, Pennsylvania leads all other States in the amount raised for Presbyterian home missions during the fiscal year ending April 1st last, which aggregated $93,563. The total fund of all the States was $602,960, an increase of nearly $60,000 over the year before. All the officers of this board were re-elected.

PERMIT FOR THE FIGHT.

Police Authorities of San Francisco Grant the Privilege.

San Francisco, May 24.—The first definite step in the campaign waged by representatives of the churches against prize fights in general in California and against the Jeffries and Johnson contest in particular, was made today when a delegation of prominent preachers and their legal advisers appeared before the police committee of the board of supervisors to protest against granting a permit to the Broadway Athletic Club to conduct a boxing contest on July 4th. John L. Herget, formerly a middle weight prize fighter known in the ring as "Young Mitchell" and now a city and county supervisor, acted as chairman of the committee.

A recommendation was made by the committee to the supervisors that the permit be granted to the Broadway Club under the auspices of which Jeffries and Johnson will fight on the National holiday.

Rev. William Rader, Rev. A. C. Bain, and Attorney J. E. White took the leading part in voicing the protest of the church people.

Chairman Herget informed the delegation that the Jeffries and Johnson fight would merely be a scientific boxing exhibition and would be countenanced as such by law. When the clergymen referred to the schedule even as a prize fight and to Jeffries and Johnson as prize fighters, Hergert objected.

"Jeffries has never been in a fight in his life." Herget invited the "whole church federation to be present at the next fight."

Rev. Rader evidently did not agree with the statement of Herget that the contest is to be merely a boxing exhibition.. He expressed the opinion that the affair is intended to be a prize fight and contended that the permit should not be granted.

The committee, however, decided to recommend the granting of the fight permit.

LIQUOR MEN UPHOLD LAWS

Agree to Fight to Eliminate Disreputable Saloons.

Cincinnati, May 24.—An aggressive campaign against sumptuary laws was planned by the National Wholesale Liquor Dealers Association tonight at a conference of State presidents of the organization. Previously delegates to the annual convention of the body had listened to addresses in which some urged that the association members had remained too long on the defensive and that a firm stand should be taken for enactment and enforcement of regulatory statutes to eliminate disreputable saloons.

"Whiskey has no friends in public, no enemies in private," said Emil Nathan, of St. Louis. He added:

"No greater harm can be done to society than by the non-enforcement of any law on the statute books. To educate the people as to the scope and danger of impending fanatical legislation, this organization must come to its aid, openly and without fear, the best elements of our mercantile, commercial and professional population."

A bitter attack was made on the anti-saloon league by Henry C. Maine, of Rochester, N. Y.

"The league has organized a gigantic system of robberies," "To carry out, crowds surround and threaten legislatures and parade the streets, demanding the destruction of property and the stifling of commerce. The judges sitting in cases involving the general rapine, are threatened with defeat at the polls if they stand for the rights of property."

DIAZ WAS REPORTED DEAD.

Statement Issued Says President is in Excellent Health.

Mexico City, May 24.—Official and emphatic denial of a report that appeared to have gained currency in the United States to the effect that President Diaz was dead was given here tonight. Minister of Foreign Relations Creel was authority for the statement that not only was there no foundation for the rumor, but that the President was in excellent health. Other government officials gave similar denials.

Roanoke, Va., May 24.—The thirteenth annual state council of the Daughters of Liberty which met here today adjourned tonight to meet next year at Petersburg. Miss Willie Russell, of Danville, was chosen State councillor.

S. S. MEETING CLOSES

Interesting Sessions In Washington Yesterday—The Features.

Washington, May 24.—Children took the principal part in the closing session tonight of the sixth convention of the World's Sunday School Association. The central thought of the meeting was, as one speaker expressed it, that "the only way to bring about the evangelization of the world in this or any other generation was through the teaching of Christ to the children in the Sunday school."

Dressed in costumes of most of the nations of the world and carrying flags of those countries, proceeded by the "conquest flag," which bears a cross and the words, "By this sign, conquer," a long line of children filled the front of the big platform and later marched through the aisles of the immense hall singing. International in almost every aspect was the closing meeting.

There were speakers from India, Japan, Korea and other foreign countries the decorations were flags of the nations, and an immense map of the world with an electric cross over it, covering the wall at the back of the platform. England and America clasped hands in the speaker's rostrum when the retiring president of the association, Rev. Dr. Meyer, of London, stood by the side of the new president, Dr. George Bailey, of Philadelphia.

The next convention will meet in Geneva, Switzerland, in 1913. The month and day will be determined later by the executive committee.

The committee on resolutions presented a report which was unanimously adopted by the convention, declaring for a campaign of evangelization in the Roman Catholic countries; for civic purity; for universal peace and expressing the conviction that Sunday school influences are responsible for the wave of prohibition which has swept some sections of the country.

SEYLEY TAKES STAND TODAY

Important Witness Testify—Murder of Jane Adams.

Mays Landing, N. J., May 24.—The prosecution in the trial of William Seyler, who is accused of murdering Jane Adams on the million dollar pier at Atlantic City on February 4th finished presenting its evidence today and all the witnesses for the defense except Seyler himself were examined befor court adjourned. Seyler is expected to take the stand tomorrow morning.

In opening for the defense Attorney Gaskill denied that the prisoner was present when Jane Adams met her death and severely scored the alleged third degree methods by which Seyler was forced to make his so-called confession that the girl had backed off the pier while trying to avoid him.

The theory outlined by the defense is that in trying to get out of the wind after Seyler had left her she stepped into a part of the pier with which she was not familiar, tripped and fell to a narrow platform and then into the ocean.

Orvis Seyler, the accused man's brother, who accompanied him and the two Adams girls to the pier on the night of the tragedy, told a story which differed in many important particular from that testified to by Alice Adams, the young sister of the dead girl.

Other members of the prisoner's family and several other witnesses testified regarding William Seyler's movements on the night when Jane Adams met her death. They corroborated his original statement that he had been home on that night before 9 o'clock.

Dr. James Riley, an Atlantic City physician, was called by the defense to contradict the testimony of Dr. Siuder and Dr. Marvel for the State. He said the wound over the left eye of Jane Adams could have been inflicted one to three hours after death.

SOUTHERN SURGEONS MEET

Association Convened in Richmond Yesterday—Addresses.

Richmond, Va., May 24.—The fifteenth annual meeting of the Association of Surgeons of the Southern Railway was called to order here today, with some 200 delegates present.

The body was welcomed to the city by Mayor Richardson, and President Starkell submitted his annual address the theme of which was "Sense Versus Science."

Touching "expert testimony" Dr. Starkell said that the railroad surgeon is subject to calls to the witness chair, where not only common sence, but uncommon honesty should be observed.

Reports from the various committees showed the present condition of the association to be gratifying with a cash balance on hand of $264.61.

Doctors Agree

that much of the illness of children can be traced directly to unsanitary refrigerators, and many cases of typhoid fever can also be traced to an ill smelling, foul, zinc-lined ice box.

A good refrigerater is the best "health insurance" you can have, as it safeguards the health of your family and keeps your food clean, fresh and pure.

McCray Refrigerators

are endorsed by physicians, hygienists, and sanitary experts, and are not only better than ordinary refrigerators, but are much more economical as they require only one-half as much ice as an ordinary refrigerator, They are so perfectly insulated that they are as nearly as possible cold and heat proof, and therefore have an active circulation of absolutely dry, cold, pure air with the minimum amount of ice.

Let Us Tell You Why

McCray Refrigerators are superior. Come in and see them for yourself, and let us give you the names of some of the people who are using McCray Refrigerators. Then call some of them up on the 'phone and ask them if they are satisfied with the McCray. Don't take our word—ask someone who is actually using a McCray.
